# Introducing the GNWT's
# New Contract Event Opportunities Website

In order to better serve vendors, the GNWT has changed its online procurement system from the previous website to a new interactive system. By doing this, the NWT is joining all other Canadian jurisdictions in providing enhanced online procurement tools.

The new system allows vendors to download and bid on contract opportunities online, as well as sign up for automatic notifications of new contract opportunities related to business sectors and commodities of interest.

**The GNWT departments of Finance and Public Works are hosting an information session in your area to introduce the new system and show vendors how to:**

- Search for contract opportunities;
- Receive automatic notifications of contract opportunities;
- Register or download documents of contract opportunities to bid on;
- Submit bids online; and
- Search and monitor results of GNWT tenders and requests for proposals.

**Date**: Tuesday, February 2, 2016
**Time**: 1:30 PM to 3:30 PM
**Location**: The Meeting Room, 182 McDougal Rd.
Fort Smith
**Contact**: Janie Hobart, Thebacha Chamber of Commerce
867-872-2192, janiehobart@yahoo.ca
