APPENDICES

Glossary	A-1
Budget Process of the Government of the Northwest Territories	B-1

INTRODUCTION

The Main Estimates represent the Government of the Northwest Territories' proposed appropriations for the 2013-2014 fiscal year. The Estimates detail all expenditures projected to be incurred, all revenues projected to be earned and the projected level of capital investment, for the period April 1, 2013 to March 31, 2014, in order to implement strategies and achieve the goals of the Government.

The 2013-2014 Budget Address is an integral part of these Estimates. The Budget Address and the Main Estimates together constitute the budget of the Northwest Territories.

The Legislative Assembly is being requested to appropriate funds at the departmental level, as detailed in the Main Estimates, for operations expenditures for the fiscal year ending March 31, 2014.

Beginning in 2009-2010, the GNWT has gone to presenting the Operations Expenditures (Main Estimates) and the Infrastructure Investment Expenditures (Capital Estimates) in two separate documents. The Capital Estimates are approved by the Legislative Assembly during its fall sitting.

Operations Expenditures

Operations Expenditures include only the proposed operating expenses and amortization for each department.

The following detailed information is provided for each department:

- **Accounting Structure Chart:** detail on how the department's financial accounts are organized.
- **Organizational Chart:** details how the department is organized for administrative purposes.
- **Department Overview:** includes the mission and goals of the department.
- **Graphs:** illustrate the allocation of proposed expenditures to major activities and a five-year comparison of actual and proposed expenditures.
- **Department Summary:** the following information is provided for each department:
 - **Operations Expenditure Summary:** the total appropriation requirements by control object for the department. The control objects included are compensation and benefits, grants and contributions, other expenses and amortization. This schedule also provides further details of the other expenses category.
 - **Active Position Summary – By Region:** the total number of positions, by category, serving the department in each region.
 - **Active Position Summary – Community Allocation:** the total number of positions, by category, serving the department by community groupings
 - **Revenue Summary.**
- **Activity Summary:** the following are provided for each activity;
 - **Activity Description:** an explanation of the purpose or programs delivered for each activity.
 - **Operations Expenditure Summary:** appropriation requirements for the activity summarized by major categories (control objects).
 - **Program Delivery Details:** details of appropriations required for each of the major program functions within each activity. This schedule is not provided for those activities that only provide administrative service to the department.

INTRODUCTION (continued)

- **Grants and Contributions:** details on the proposed grants and contributions included in the required appropriations for each activity.
- **Summary of Active Positions - By Region:** the total number of positions, by category, serving the activity in each region.
- **Summary of Active Positions – Community Allocation:** the total number of positions, by category, serving the activity by community groupings.
- **Summary of Work Performed on Behalf of Others:** the Government undertakes to perform certain functions, in the Northwest Territories, on behalf of the Government of Canada or others. Expenditures incurred for these activities are fully recovered and are not required to be voted on by the Legislative Assembly.
- **Other Information Items:** includes proposed departmental expenditures or financial activities related to various boards, agencies or revolving funds.

Infrastructure Investment Summary

An infrastructure investment summary is provided for all departments that have assets currently in service, regardless of whether any infrastructure is planned during 2013-14. The infrastructure investment summary provides the following information:

- The total historical cost of capital assets in service acquired in previous years and the total net book value of these assets. The net book value represents that portion of the original cost that has not been amortized. This should not be construed as being representative of market value.
- The changes that are projected to occur during the year. This includes the total cost of assets expected to be put into service during the year and any estimated disposals during the year.
- The estimated amortization expense for the year, based on assets in service at the beginning of the year adjusted for additions or disposals during the year.
- Work-in-Progress is the cost expended on capital projects that will be incomplete at the end of the year.
- A calculation of the value of the assets the department is projecting to come into service.

For further clarification on terms used in the Main Estimates and the budget development process, please consult the Glossary in Appendix A and The Budget Development Process in Appendix B.

The 2013-2014 Main Estimates and Budget Address are available on the Department of Finance website:
<http://www.fin.gov.nt.ca/budget-documents/estimates/index.htm>.

LEGISLATIVE ASSEMBLY

MISSION

To safeguard and promote the principles of consensus government and the institution of the Legislative Assembly in order to foster an empowered and representative government that is relevant and accountable to the people of the Northwest Territories.

GOALS

The office of the Legislative Assembly has the following goals over the planning period:

1. Provide the opportunity for meaningful input from all Members and the general public in the passage of laws.
2. The government is authorized to expend public monies in pursuit of clearly defined program and service delivery goals and objectives on behalf of the residents of the NWT.
3. Elected Members of the Legislative Assembly are assisted in achieving their vision for the Northwest Territories, as expressed in the 17th Legislative Assembly's Vision and Goals document *Believing in People and Building on the Strengths of Northerners*.
4. Ensure the independence and effectiveness of Statutory Offices in completing their legislated responsibilities.
5. Collaboration and communication amongst all Members, standing committees and governments.
6. The general public is well informed and has access to Legislative Assembly processes and decisions.
7. To adhere to the highest standards of public sector governance within the consensus system.
8. The promotion of the Legislative Assembly as the "Place of the People".
9. The Legislative Assembly provides a forum for meaningful and relevant debate about the issues and challenges facing the residents of the NWT.
10. Highly motivated, efficient staff with a shared understanding of the organization's future.

STATUTORY OFFICERS

Activity Description

This activity provides for the independent operation of the following Statutory Officers: Languages Commissioner, Information and Privacy Commissioner, Conflict of Interest Commissioner, Equal Pay Commissioner, Human Rights Commission, Director of Human Rights and the Human Rights Adjudication Panel.

The Languages Commissioner's duty is to ensure that institutions of the Legislative Assembly and GNWT respect the provisions of the *NWT Official Languages Act* and any other act or regulation relating to the status or use of official languages.

The Information and Privacy Commissioner provides an independent review of discretionary decisions made by public bodies in response to requests for access to information that government creates and receives.

The Conflict of Interest Commissioner provides advice to Members on how to arrange their business and financial affairs to comply with the conflict provisions included in Part 3 of the *Legislative Assembly and Executive Council Act*. The Commissioner also conducts investigations into conflict of interest complaints against Members.

The Equal Pay Commissioner is responsible for ensuring that public service employees are not, on the basis of sex, paid a lower rate than other employees who perform work of equal value.

The Human Rights Commission is responsible for promoting equality in order to reduce discrimination against territorial residents.

EXECUTIVE

MISSION

The mission of the Department of Executive is to provide overall management and direction to the Executive branch of Government. The key areas for which we are responsible for achieving results are:

- Coordinating and supporting the planning, implementation, monitoring and evaluation of initiatives and actions in support of cross-government goals.
- Providing policy, strategic, legislative and communications advice to support Cabinet and Ministers;
- Implementing the expected Northwest Territories Devolution of Lands and Resources Agreement; and
- Supporting effective corporate communications, and dissemination of appropriate economic, social and demographic statistics, to government employees, the public and other governments.

GOALS

The Department of Executive shall ensure effective:

1. Support for informed decision-making in planning, development and implementation of policies and programming,
2. Implementation of devolution and resource revenue sharing agreements;
3. Coordination of Government operations, both between departments and between headquarters and the regions, and
4. Coordination and collaboration to address the priorities of Cabinet and the Legislative Assembly.

DIRECTORATE**Activity Description**

Directorate includes:

- **Office of the Secretary to Cabinet** – is responsible for leading the senior management of the territorial public service, managing the executive functions of the bureaucracy, supporting Executive Council decision making, and coordinating the development and implementation of government-wide direction. The Office is also responsible for the management of the Department of Executive and the planning and administration of functions necessary to further the Department's mandate. The Secretary to Cabinet is accountable to the Premier for the proper conduct of business of the Department.
- The **Office of Devolution** – is responsible for leading all work required to implement the final Devolution Agreement. As part of its work, the Office of Devolution is also responsible for communication activities in order to build public understanding of devolution as work proceeds toward implementation. It is expected that work on negotiation of the Devolution Agreement will be completed in 2012-13.

MINISTERS' OFFICES

Activity Description

The Ministers' Offices include:

- **The Premier's Office** – supports the Premier with the management of the executive functions of government and takes a lead in coordinating the government's activities related to the political development of the Northwest Territories.
- **Ministers' Offices** – provides support for the Ministers, their offices and support staff.
- **Corporate Communications and Protocol** – is responsible for supporting the Premier and Cabinet and providing communications leadership and direction to Government of the Northwest Territories departments and agencies to ensure that government is accessible and accountable and the public is adequately informed about government priorities, initiatives, decisions and activities. Corporate Communications and Protocol promotes a consistent, positive identity for the GNWT by working with departments to encourage an integrated communications approach across government, managing ongoing public affairs programming promoting awareness of GNWT priorities, initiatives and activities, providing media relations support and advice to Ministers and departments, and offering professional protocol services to visiting dignitaries and heads of state.

EXECUTIVE OPERATIONS

Activity Description

Executive Offices includes:

- **Strategic Planning** – leads government-wide strategic planning activities; coordinates the business planning process; provides strategic advice and support for cross-government planning activities; supports Deputy Minister and Ministerial Coordinating committees; and is responsible for measuring and reporting on government progress towards overall goals and priorities.
- **Corporate Services** - provides financial, human resource, records management and information system and technology support to the Executive Offices, Commissioner's Office and the Women's Advisory Program.
- The **Bureau of Statistics** – ensures, as the central statistics agency, that government has appropriate statistical information and provides statistical advice, analysis and assistance to departments, regional offices and central agencies.
- The **Program Review Office** was established to help ensure that all GNWT programs are producing the intended results by coordinating reviews of specific program and services to clarify and confirm mandates, determine program effectiveness and recommend actions such as elimination, reduction or service improvements. The Program Review Office also supports internal program evaluation throughout the GNWT by assisting Departments with evaluation projects and helping to build evaluation capacity.
- **Regional Operations** are responsible for implementing Cabinet priorities and direction, coordinating GNWT program and service responsibilities in the regions, as well as transition planning at the regional level in preparation for the implementation of final self-government agreements. Regional Operations are responsible for the overall management of the Single Window Service Centres, which currently operate in Ulukhaktok, Aklavik, Fort Good Hope, Colville Lake, Fort Providence, Nahanni Butte, Lutselk'e, Whati, Sachs Harbour, Tsiigehtchic, Tulita, Fort Liard and Gameti.

CABINET SUPPORT

Activity Description

Cabinet Support is responsible for ensuring systems are in place to support informed decision-making and to successfully implement Cabinet direction. Cabinet Support offers objective policy analysis, a coherent approach to the legislative process, and operational support through the following activities:

- **Cabinet Secretariat** – provides broad policy advice to the Premier and Cabinet and support for all Cabinet operations, including maintaining the integrity of the Cabinet record and disseminating Cabinet direction.
- **Legislation and House Planning** – is responsible for the provision of broad policy advice on legislative initiatives, support for the development of the legislative agenda, and a full range of administrative services in support of Cabinet business in the Legislative Assembly during Session.
- **Women's Advisory** – supports the Minister Responsible for the Status of Women, and serves as a point of contact within the GNWT for governmental and non-governmental organizations that enhance the cultural, economic, political and social participation of women in society.
- The **Commissioner's Office** provides office space and operational support for the federally appointed Commissioner of the Northwest Territories.

HUMAN RESOURCES

MISSION

Supporting excellence in the GNWT public service through the shared-service delivery of innovative, quality human resource services.

GOALS

1. Support to management's human resource decision-making that results in productive and positive human resource management practices.
2. Integrated, client-focused programs and services that are simple, timely and consistent.
3. Streamlined and simplified administrative systems and processes.
4. Recruitment and retention of a capable, competent public service that is representative of the people it serves and that focuses on results.
5. A work environment that promotes employee development, safety and wellness and that offers an opportunity for positive labour/management relations.

HUMAN RESOURCE STRATEGY AND POLICY

Activity Description

The **Human Resource Strategy and Policy Division** is responsible for the development and review of government-wide human resource management strategies, legislation, policies, guidelines, and practices. The Division provides quality assurance services to ensure that legislation, policies, guidelines and practices are consistently and fairly applied. Research, analysis and reporting is also undertaken and coordinated through this Division.

Policy and Communications provides strategic planning, legislative and policy support to the Minister and Deputy Minister and supports departmental information and communication activities.

Financial Services coordinates financial planning and corporate services for the Department of Human Resources (DHR) including records management services.

Human Resource Information System implements and maintains government wide information systems and tools, as well as DHR specific applications.

The **Business Performance Unit** supports workforce reporting, Human Resource (HR) metrics business process and analytic activities. The unit is also responsible for management of the HR Helpdesk, which is located in Inuvik and is the first point of contact for all GNWT employees and managers who require information, advice, assistance or counselling on human resource issues.

MANAGEMENT AND RECRUITMENT SERVICES

Activity Description

The **Management and Recruitment Services Division** is responsible for the provision of front-line general human resource services, which includes recruitment, administration of job competitions, client department support, and strategic advice to government-wide management in the area of human resource planning.

Human Resources Services provides general human resource services through two client service centers: Yellowknife and Tẖcẖ. Human resource services include recruitment, administration of job competitions, labour relations advice, job description review, employee development and support to managers for human resource planning and employee recognition.

Allied Health Recruitment Unit provides specialized recruitment of allied health professionals in all regions.

Human Resource Operations provides comprehensive advice and support to guide recruitment and ensure corporate consistency.

CORPORATE HUMAN RESOURCES

Activity Description

The **Corporate Human Resources Division** is responsible for leading government-wide human resource management. The Division is responsible for leading the implementation of *20/20: A Brilliant North, the NWT Public Service Strategic Plan*.

Job Evaluation and Organizational Development coordinates the evaluation of GNWT positions through implementation of the Hay Job Evaluation System, provides training on the job evaluation system and the creation of job descriptions, maintains GNWT organization charts and provides advice and support to management on organizational development.

Employee Development and Workforce Planning manages the development and implementation of government-wide human resource management programs particularly in the areas of retention; workforce planning; employee recognition; management and leadership development; health and wellness; workplace safety; diversity; and employee training and development. The Unit also provides specialized recruitment advice as well as planning and implementation of specialized recruitment programs, strategies and initiatives.

EMPLOYEE SERVICES

Activity Description

The **Employee Services Division** is responsible for providing compensation, benefits, and data management services for the public service.

The **Payroll Office** provides payroll services for all GNWT full-time, part-time, and casual employees, including boards and agencies such as the Health and Social Services Authorities and Divisional Boards of Education. The Payroll Office is also responsible for paying other individuals who provide services to the GNWT such as honoraria recipients, physicians, judges and Members of the Legislative Assembly.

The **Benefits Section** delivers employee benefits services for Headquarters employees. There is also a team of specialized Benefit Officers who provide counselling on extended leave and retirement processes for all GNWT employees.

The **Data Management Section** is responsible for the entry and management of employee data for Headquarters employees. A team of Data Management Specialists carries out the more complex data management transactions for all GNWT employees.

REGIONAL OPERATIONS

Activity Description

The Regional Service Centres are responsible for the provision of front-line general human resource services, as well as strategic advice and guidance in the areas of human resource planning to regional management that support the recruitment and retention of the public service. Human resource services include recruitment, labour relations advice, job description review, employee development, and support for human resource planning and employee recognition. In addition, the service centres offer benefits and data management services for regional employees.

The **Northern Region** consists of the Inuvik and Sahtu Service Centres.

The **Southern Region** consists of Fort Smith, Hay River, and Dehcho Service Centres.

LABOUR RELATIONS

Activity Description

The **Labour Relations Division** is responsible for undertaking the strategic management of terms and conditions of employment for public servants that promote harmonious labour/management relations, productive work environments, and fair and consistent treatment of staff. The Division is responsible for the consistent application of the Duty to Accommodate Injury and Disability Policy and Guidelines and the Harassment Free and Respectful Workplace Policy and Guidelines.

Adjudications and Advice provides advanced labour relations advice to managers and human resource staff including collective agreement interpretations, human rights requirements and other employment contract interpretations.

Accommodation, Bargaining and Investigation is responsible for implementation of the Duty to Accommodate Policy, investigations conducted under the Respectful Workplace and Harassment Free Policy, and collective bargaining on behalf of the GNWT.

**ABORIGINAL AFFAIRS AND
INTERGOVERNMENTAL RELATIONS**

MISSION

The Department of Aboriginal Affairs and Intergovernmental Relations is responsible for negotiating, implementing and monitoring land, resources and self-government agreements, including Treaty Land Entitlements; managing the GNWT's relationship with the federal government and with provincial, territorial and Aboriginal governments and circumpolar countries, in all matters of intergovernmental significance; and providing government-wide strategic advice on matters pertaining to federal-provincial-territorial-Aboriginal relations.

GOALS

1. The conclusion of land, resources and self-government agreements in a manner that respects the inherent right of self-government and ensures an overall effective, affordable and workable system of governance, capable of providing an adequate and comparable level of quality programs and services to all NWT residents.
2. The successful ongoing implementation and monitoring of land, resources and self-government agreements by ensuring all GNWT obligations within the agreements are met.
3. Constructive and co-operative intergovernmental relations with federal, provincial, territorial, Aboriginal and foreign governments that are based on mutual respect.

CORPORATE MANAGEMENT

Activity Description

The **Directorate** manages the internal operations of the department and provides strategic advice and support to the Minister. The division administers the grants and contributions program available to Aboriginal governments and organizations.

The **Policy, Planning and Communications** division provides policy advice, information and assistance to the department, and coordinates the department's financial, human resources and business planning activities, as well as administers all records management. The division leads the development and review of negotiating mandates that guide GNWT negotiating teams at all land, resources and self-government negotiations. The division is also responsible for the department's legislative initiatives, communications projects and strategies.

NEGOTIATIONS

Activity Description

The **Negotiations** division is responsible for leading the GNWT's participation at land, resources and self-government negotiations in the NWT. Successfully concluding land, resources and self-government agreements throughout the NWT will lay the foundation for attaining political certainty, building mutually respectful intergovernmental relations and realizing the economic potential of the NWT.

IMPLEMENTATION

Activity Description

The **Implementation** division is responsible for negotiating implementation plans, financing agreements and joint program and service delivery arrangements associated with land, resources and self-government agreements. The division is also responsible for monitoring and facilitating ongoing GNWT implementation obligations and activities pursuant to settled land, resources and self-government agreements, and representing the GNWT on trilateral Implementation Committees tasked with monitoring and coordinating the overall implementation of the agreements.

INTERGOVERNMENTAL RELATIONS

Activity Description

The **Intergovernmental Relations** division promotes and advances the GNWT's commitment to develop and maintain mutually respectful intergovernmental relations between the GNWT and federal, provincial, territorial, Aboriginal and international governments. In doing so, the division protects, develops and promotes the interests and aspirations of NWT residents in the GNWT's intergovernmental relations activities.

FINANCE

MISSION

The mission of the Department of Finance is to foster an environment for stable, effective and efficient government by:

1. Acquiring and managing the necessary financial resources to ensure delivery of programs and services to residents in an affordable, sustainable and accountable manner.
2. Maintaining a fair and stable taxation regime that meets the needs of individuals and businesses, supports a strong economy, and is responsive to economic, social and environmental matters.
3. Managing the information resources of the government.
4. Managing liquor distribution and sales, and enforcing liquor legislation and regulations.

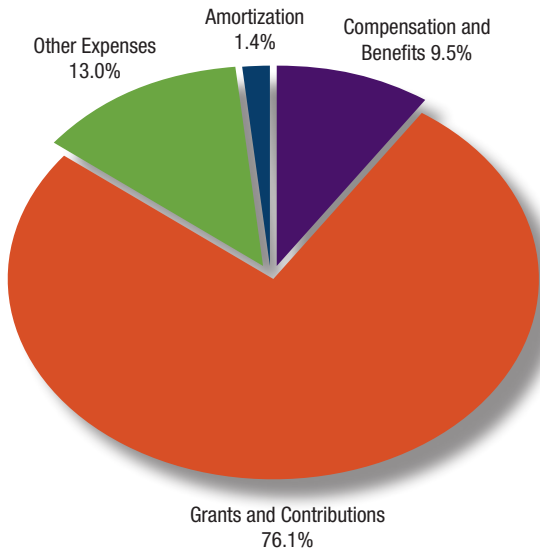

GOALS

1. A strong sustainable financial position for the Government of the Northwest Territories.
2. The fiscal regime of the Northwest Territories supports a stable political environment and a strong economy that is able to address key social, economic and environmental initiatives.
3. The Government of the Northwest Territories has the fiscal and financial information and analysis necessary to support policy development and decision making.
4. The Government of the Northwest Territories' assets and liabilities are managed effectively.
5. The Government of the Northwest Territories is organized for maximum efficiency.
6. The Department of Finance is responsive to client needs.
7. Public confidence in the prudence and integrity of the Government of the Northwest Territories is maintained through a financially open and accountable government.

DEPUTY MINISTER'S OFFICE**Activity Description**

The Deputy Minister's Office includes the Office of the Deputy Minister/Secretary of the Financial Management Board and the Corporate Affairs Division.

The duties and responsibilities of the Deputy Minister of Finance/Secretary of the Financial Management Board are conducted as described in the *Financial Administration Act*. In addition, this Division directs the support of the Financial Management Board and provides financial and administrative leadership for the GNWT.

The Corporate Affairs Division is responsible for: developing and maintaining departmental policies, the department's budget management program, and the records management program; the provision of information systems and information management support to the department; providing strategic advice on departmental performance and emerging issues and coordinating the department's involvement in the self-government and devolution processes.

FISCAL POLICY

Activity Description

Fiscal Policy is responsible for providing research, analysis and recommendations on the fiscal policies of the government; monitoring economic conditions as they affect the government's fiscal position; providing macroeconomic research and policy advice; providing analysis and advice on Canadian and NWT tax policies; monitoring and advising on intergovernmental fiscal relations; and preparing the annual budget address. The Activity also provides technical support for the Minister and Deputy Minister of Finance in federal-provincial-territorial discussions and represents the GNWT on intergovernmental Finance committees.

OFFICE OF THE COMPTROLLER GENERAL**Activity Description**

The Office of the Comptroller General is responsible for control of the administration of the consolidated revenue fund with respect to the receipt and payment of public money, accounting policy, the financial records of the GNWT, reporting responsibilities, financial analysis, advice and interpretation, internal auditing and related matters.

The Internal Audit Bureau provides an independent, objective assurance and consulting service to improve the GNWT's operations by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, internal controls and governance processes.

Accounting Services is responsible for the development of corporate accounting procedures and policies, administration and integrity of the government's financial information system, revenue, accounts receivable and accounts payable functions, making territorial power subsidy payments, management of the environmental liability fund, external financing reporting, and providing collections and credit granting functions.

The Financial Shared Services (FSS) Division provides financial transaction processing services to all GNWT Departments and the Northwest Territories Housing Corporation. FSS has service centres in Yellowknife, Inuvik, Norman Wells, Hay River, Fort Smith and Fort Simpson, providing services as outlined through a Service Partnership Agreement with our clients.

OFFICE OF THE CHIEF INFORMATION OFFICER**Activity Description**

The Office of the Chief Information Officer (OCIO) is the lead for the development of an effective, comprehensive and current informatics strategy. The strategy guides the development, management and use of the government's information resources, in a manner that supports the government's strategic business goals and operational needs. The Activity is also responsible for the coordination and oversight of the Canadian Radio & Telecommunications Commission (CRTC) and ensures representation before the CRTC on matters affecting both NWT residents and businesses.

The OCIO serves as the GNWT's senior authority on corporate activities associated with Information Systems (IS), Information Technology (IT) and the management of information (IM). The OCIO provides strategic and operational advice to the Informatics Policy Council (IPC), and ensures strategy and policy implementation is undertaken in a timely and consistent manner. Other activities include;

- Collaborate with departments on development of strategic and policy frameworks;
- Provide day-to-day guidance regarding strategy and policy implementation;
- Coordinate all corporate-level processes pertaining to the IM/IS/IT environment;
- Provide governance support for and coordinate the flow of information to the IPC.

LIQUOR REVOLVING FUND

The Liquor Revolving Fund is established under the *Liquor Act* (Act) and provides working capital to finance the operations of the Liquor Licensing Board (Board), the Liquor Commission (Commission) and the administration and enforcement of the Act. The Liquor Licensing Board is responsible for the issuance of all types of liquor permits. The Liquor Licensing and Enforcement Division provides support to the Board, is responsible for the enforcement of liquor-related regulations and restrictions, and assists communities in respect of matters arising under the Act. The Liquor Commission is responsible for the purchase, warehousing, distribution and sale of all alcoholic beverages in the Northwest Territories. The Board, Commission and Liquor Licensing and Enforcement are funded by the sale of alcoholic beverages.

NWT HOUSING CORPORATION

NWT HOUSING CORPORATION

MISSION

The Northwest Territories Housing Corporation (NWT HC) provides access to adequate, suitable and affordable housing. Through the provision of housing programs and services, the NWT HC contributes to the health and education of Northwest Territories (NWT) residents and to the development of sustainable, vibrant and safe communities.

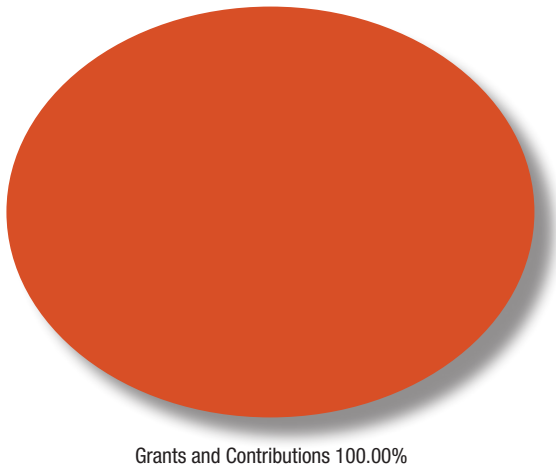

GOALS

1. Increase the supply of adequate, suitable and affordable housing in communities to address the housing needs of NWT residents;
2. Acquire and plan for sufficient land for the purpose of providing affordable housing;
3. Provide homeownership and rental programs and services that are effective and appropriate;
4. Enhance the long term sustainability and energy efficiency of housing in the NWT, and;
5. Promote personal responsibility and accountability for housing through community-based training and support.

The Financial Summary reflects the 2013-2014 planned expenditures of the Northwest Territories Housing Corporation for general operations and for capital and financing programs, including the Infrastructure Acquisition Plan. The financing for these expenditures includes funding from the Canada Mortgage and Housing Corporation and various other sources. This information is intended for review purposes only with a net contribution of \$67,492,000 provided by the Government of the Northwest Territories, through our sponsoring department, the Department of Finance.

CORPORATE SUMMARY

The Northwest Territories Housing Corporation (NWT HC) provides social and market housing programs and services including subsidized rental and homeownership programs (including purchase and repairs), and unsubsidized rental housing in rural and remote communities. Policy and program development play a key role in creating appropriate programs to address the core housing need of NWT residents and promote self-reliance. The NWT HC incorporates energy-efficient technologies in its housing design and in the retrofitting of housing to improve its sustainability and energy efficiency. The NWT HC continues to work in partnership with the Canada Mortgage and Housing Corporation to cost-share the development and improvement of housing infrastructure across the NWT. At the community level, the NWT HC partners with Local Housing Organizations, and municipal and Aboriginal governments, to manage and administer public housing in 29 communities.

EXECUTIVE

Activity Description

The Executive, comprised of the President's Office and the Strategic Planning, Policy and Communications Section manages the implementation of the Government's direction related to housing.

The President's Office is responsible for supporting the Minister Responsible for the Northwest Territories Housing Corporation (NWT HC), leading the senior management team, and providing overall management and leadership of the NWT HC.

The Strategic Planning, Policy and Communications Section provides support with regard to long-term strategic direction and planning for the NWT HC. This Section is also responsible for strategic and business planning, policy development, qualitative and quantitative research, and corporate communications. This section represents the NWT HC on a Federal/Provincial/Territorial (F/P/T) level, on interdepartmental working groups, and on other committees.

FINANCE AND INFRASTRUCTURE SERVICES

Activity Description

The Finance and Infrastructure Services Branch is comprised of the Finance and Administration Division, Infrastructure Services Division, Financial Planning Section and Information Services Section. Through these units, the Branch manages and administers the NWTHC's financial services, capital planning, land acquisition and planning, information services, asset management and capital infrastructure delivery.

The Finance and Administration Division is responsible for the overall financial affairs of the NWTHC. This includes the provision of accounting services, reporting and monitoring, treasury services, mortgage administration, and providing financial advice to senior management and stakeholders. The Finance & Administration Division also manages the NWTHC's own source revenues and funding from the Canada Mortgage and Housing Corporation (CMHC) under the Social Housing Agreement. The Division also provides ongoing subsidy assistance and operational support to various third-party non-profit housing organizations outside of the public housing program.

The Financial Planning Section is responsible for the coordination of the development of plans for capital infrastructure and minor capital projects, corporate budget development, project and budget change management and variance analysis.

The Information Services Section utilizes information management tools and methodologies to support the business processes of the NWTHC and its community partners. This Section develops NWTHC-specific information tools as well as provides system training that is critical to the delivery of housing programming.

The Infrastructure Services Division is responsible for the overall development, design and procurement, planning and delivery of capital infrastructure projects in support of the NWTHC's rental and homeownership programs. This Division is also responsible for the planning, procurement, and administration of suitable land for the delivery of housing programs and services and the security of NWTHC assets and mortgage interests. Infrastructure Services is also responsible for the maintenance management of the NWTHC's public housing portfolio in order to ensure its long-term sustainability. The Division provides technical assistance in the development of new housing programs and supports the District Offices in the delivery of the Contributing Assistance for Repairs and Enhancements (CARE) program in collaboration with private homeowners to determine their repair needs and develop scopes of work. Finally, Infrastructure Services is the NWTHC's lead on issues related to energy efficiency and new housing technologies.

Debt Repayment is the responsibility of this Branch, which refers to the payment of long-term debt to CMHC for the provision of rental housing. The annual principal and interest payments are cost-shared with CMHC as they contribute a significant portion of the funds to service the debt.

PROGRAMS AND DISTRICT OPERATIONS

Activity Description

The Programs and District Operations Branch provide corporate support and oversight to the NWT HC's five District Offices in the delivery of programs and services to the residents of the NWT. This includes the development, implementation, training, monitoring, and delivery of programs and initiatives that optimize the NWT HC's responsiveness to housing needs in the NWT, ensuring a continuity of approach to program delivery and implementation.

The Program Development and Implementation Section works closely with district and community housing providers, Local Housing Organizations (LHOs), to ensure compliance with existing policies and procedures, as well as developing and updating operational policies while ensuring that District Offices and LHOs have the support and capacity required to effectively deliver the NWT HC's programs and services.

District Operations support communities in program and service delivery through five District Offices. These District Offices are responsible for the administration of district capital and program delivery. District Offices also play a pivotal role in lands acquisition and development, maintenance, training, and work closely with stakeholders at the community level. District Offices work with LHOs and NWT residents to identify options and programming to assist families in decision making regarding their housing needs. An important component of the relationship between districts and clients are the services related to mortgage advice and counselling, as well as services provided to clients under the Homeownership Entry Level Program (HELP) designed to prepare them for future homeownership.

LOCAL HOUSING ORGANIZATIONS

Activity Description

Local Housing Organizations (LHOs), operating as agents of the NWTHC, are responsible for the administration of social housing rental units in the majority of communities across the NWT. This portfolio includes public housing units developed under the Social Housing Agreement between the NWTHC and the Canada Mortgage and Housing Corporation. The Public Housing Program is a rental program designed for low to moderate income individuals and families who do not have the financial resources to access shelter on their own. The NWTHC, in partnership with 23 LHOs, administers approximately 2,400 social housing units in 29 communities across the NWT. The LHOs provide, under agreement with the NWTHC, property management services including the allocation of units, the assessment of rent, the collection of rents, and the provision of preventative and demand maintenance services. Each local housing organization has an advisory board that oversees operations. The NWTHC's District Offices work in partnership with Aboriginal and Community Governments to manage public housing operations in communities where an LHO has not been established.

MUNICIPAL AND COMMUNITY AFFAIRS

MISSION

The Minister and the Department are responsible for the development and maintenance of community governments, responsive and responsible to the residents, with sufficient legal authority and resources to carry out community responsibilities, to provide their public programs and services essential to good community life and to deal effectively with other governments and organizations. The Minister and Department are also responsible for protecting the interests of consumers.

GOALS

To support this vision and mission, the Department of Municipal and Community Affairs works to achieve the following goals:

1. Strong communities through effective local governance.
2. Sound financial management - financial policies, programs and partnerships that provide community governments with sufficient funding and authority to deliver quality public services.
3. A dynamic policy framework - legislation, policies and procedures responsive to the changing needs of community governments and stakeholders.
4. Effective communication - a comprehensive framework that guides communication within MACA and between government departments and stakeholders.
5. Effective infrastructure management - community capacity to effectively respond to increased responsibility for infrastructure development and maintenance.
6. Responsive land administration - land administration that is responsive to the diverse needs, responsibilities and priorities of communities and the public.
7. Increased public safety - quality public programs and services to educate and improve the safety of NWT residents.
8. Environmentally sustainable communities - promote and encourage the use of best practices related to energy conservation and climate change adaptation.
9. Confident and capable community governments - knowledgeable and skilled community government staff.
10. Vibrant and healthy communities - partner with a broad base of stakeholders to encourage healthy lifestyle choices with a focus on physical activity, youth and volunteer initiatives.

DIRECTORATE**Activity Description**

Departmental Management coordinates the development and the implementation of the Department's strategies with the senior management team and links the Department's activity to the goals of the Minister and Government. Regional Management oversees operations in the regional offices.

Corporate Affairs coordinates planning and reporting activities for the Department, provides expert financial, policy and information systems advice and manages many administrative services. Policy and Planning provides strategic planning, legislative, research and policy support to the Minister and Deputy Minister and supports many Departmental information and communications activities. Financial Services provides financial and administrative support to the Department and coordinates services such as the development and monitoring of departmental business plans and annual budgets. Information Systems supports the Department by providing expert advice on department-specific applications and information systems.

PUBLIC SAFETY**Activity Description**

Public Safety coordinates key regulatory programs and services within the Department that support the safety and protection of residents of the Northwest Territories.

Program Management coordinates the work of the division.

The Office of the Fire Marshal administers the *Fire Prevention Act*, reviews plans for new construction and major renovation projects, conducts fire safety inspections and takes enforcement action when fire safety regulations are contravened.

Emergency Management is responsible for territorial and community emergency management and planning including search and rescue planning and preparation.

Consumer Affairs administers consumer, lottery business and real estate agent licensing and responds to consumer complaints.

COMMUNITY OPERATIONS

Activity Description

Community Operations coordinates many of the functions that support community governments. Program Management coordinates the work of the division.

The Community Financial Services section coordinates financial advisory services to community governments to help promote their financial viability, good financial management and proper financial reporting practices.

The Community Governance section coordinates the Department's involvement in the implementation of Aboriginal land claims and self-government processes; provides advice on community governance issues at the request of community governments; and processes bylaws requiring Ministerial or Executive Council approval. The Chief Municipal Electoral Officer function provides advice and support related to community government elections.

The Financial Policy and Infrastructure Leveraging section analyzes fiscal policy related to supporting community governments and pursues options for accessing alternate sources of revenue for community governments. This section is also responsible for the coordination and implementation of various federal infrastructure funding programs.

The Capital Planning and Infrastructure section coordinates capital planning and infrastructure acquisition and provides technical advice and support regarding capital programs and infrastructure. This section is also responsible for completing remaining items on the MACA Capital Plan.

SCHOOL OF COMMUNITY GOVERNMENT

Activity Description

The School of Community Government (SCG) supports community government capacity building for community elected officials and community government staff by providing training, development opportunities and resources in broad areas of community government responsibilities including governance, management, lands, infrastructure, bylaw enforcement, fire protection, water and waste water, emergency management, works, asset management and finances. The SCG provides an integrated approach to local governance capacity building through partnerships with GNWT and federal departments, Aboriginal and territorial organizations, professional associations and educational institutes.

LANDS ADMINISTRATION

Activity Description

The Lands Administration Division administers Commissioner's Land, provides advice and assistance to community governments on land use and community planning, performs property assessments, undertakes environmental planning and regulatory review, provides technical mapping and surveying services to community governments and the public, and provides policy advice related to the administration of Commissioner's Land.

The Property Assessment Section values all land and improvements in the Northwest Territories, with the exception of the City of Yellowknife, by conducting property assessments in accordance with the *Property Assessment and Taxation Act and Regulations*.

The Land Program Section advises on dispositions of Commissioner's Land in the Northwest Territories, in accordance with the *Commissioner's Land Act and Regulations* and within a policy framework approved by the Government of the Northwest Territories. It also assists community governments to plan for the physical development of their communities by providing advice and reviewing subdivision plans, community plans, zoning by-laws, and development schemes. This Section arranges and manages legal surveys, prepares satellite imagery, aerial photography, and topographical mapping of land within municipal boundaries of communities in the Northwest Territories, and administers the Department's Geographic Information System.

SPORT, RECREATION AND YOUTH**Activity Description**

Sport, Recreation and Youth provides advice and assistance regarding recreation, sport and physical activity programs and represents the GNWT in its partnership with the NWT Council of Sport and Recreation Partners and other stakeholders. The Division also coordinates volunteer recognition programs and assists with the promotion of volunteerism.

The Youth Secretariat within the Division assists the Minister Responsible for Youth to promote youth development initiatives and acts as a first point of contact for youth issues within the GNWT.

REGIONAL OPERATIONS

Activity Description

Regional Offices are responsible for the coordination, implementation and delivery of most of the Department's programs and services to community governments and other stakeholders.

Regional staff provide advice and support to community governments on a range of issues. They advise community governments on governance, budgeting, debt recovery, financial reporting and other activities to support the use of sound management and financial practices. They also support communities in the development of community capital investment planning, project management and the operation and maintenance of community infrastructure and equipment.

Assistant Fire Marshals support fire prevention and response in communities by undertaking training activities, local inspections and investigations.

Regional lands staff assist community governments with community land administration and planning activities and administer leases for Commissioner's Lands.

Senior Recreation Development Coordinators support healthy choices and physical activity and recreational development activities through partnerships with a wide variety of stakeholders across each respective region.

PUBLIC WORKS AND SERVICES

MISSION

The Department of Public Works and Services mission is to deliver quality services to satisfy the needs of its clients, while achieving the best value for government, communities, businesses and residents.

GOALS

1. Safe and reliable facilities are available to support the delivery of government programs.
2. Protection of life and property through enforcing the provisions of electrical, gas, boiler and pressure vessel legislation.
3. Suitable information technology infrastructure and services available to support the delivery of government programs and services.
4. Meet basic community needs for heating, transportation and power generation fuels through the safe and reliable provision of fuel services.
5. Effective management of government records.
6. Support government-wide sustainability and energy efficiency goals through energy conservation programs and activities.

DIRECTORATE

Activity Description

The Directorate is responsible for overall corporate management of the department, including managing human and financial resources and providing overall direction and planning. These responsibilities include information systems and records management, financial administration, policy and planning, contract and procurement services and regional program delivery which has responsibility for managing the central warehouses, GNWT mail services and disposal of surplus goods.

Records management is one of the core business areas that Public Works and Services provides to GNWT departments, boards and agencies. Responsibilities include developing, implementing and supporting government-wide policies, standards and guidelines for records storage and retrievals - including related training, maintaining the Administrative Records Classification System and supporting the new Digital Integrated Information Management System. Records Management also coordinates the operation of five GNWT records centres located in Yellowknife, Inuvik, Fort Smith, Hay River and Fort Simpson.

The role of Contracting and Procurement Services is to provide procurement services to the department along with monitoring and advice with respect to GNWT and department policies, procedures and standards related to contracting. This includes contracts for construction, the acquisition of goods and services, architectural/engineering consulting contracts, and the acquisition of real property.

Additionally, the Directorate coordinates department activities that support the 17th Assembly's priorities and department goals, and ensures effective communication within the department, with other GNWT departments, the private sector, special interest groups and with other governments including aboriginal self-governments.

ASSET MANAGEMENT

Activity Description

The Asset Management activity includes the planning, design, construction, and operation and maintenance of buildings and works throughout the Northwest Territories on behalf of the GNWT. Regional offices manage the delivery of maintenance and project management services, ensuring that client needs are met and facility life cycle costs are minimized. Headquarters supports the regions by providing facility planning, technical expertise for program and design standards, facility evaluations and commissioning, granular materials planning and coordination, project management support, and technical support for safe drinking water initiatives.

Asset Management coordinates the government's capital planning process, the planning, acquisition and management of general purpose office space and leases, and manages the disposal of surplus GNWT real property assets.

The Asset Management activity supports public safety through the enforcement of codes and standards set by government legislation covering electrical, elevator, boiler and pressure vessel and gas installations.

The Risk Management and Safety Program manages the Deferred Maintenance Initiative. This initiative is focused on assessing the condition of key GNWT building infrastructure and identifying and undertaking remedial work to ensure that buildings continue to be safe for occupancy, and to ensure that critical deferred maintenance items are addressed to maximize the useful life of these assets.

Through its maintenance activities, the department plays a large role in helping achieve GNWT-wide energy efficiency and sustainability goals. This includes helping the GNWT reduce its energy costs, its dependency on fuel oil and its greenhouse gas emissions. For existing government facilities, PWS undertakes the following energy management activities:

- Energy consumption analysis and benchmarking,
- detailed energy audits, and
- inspection of electrical and mechanical systems are part of the energy management for existing facilities.

For new government facilities, PWS adheres to the EcoEnergy Validation Program Protocol to maximize energy conservation and savings up front prior to construction. Additionally, all new GNWT facilities are to follow the department's guidelines for Good Building Practice for Northern Facilities, which it created and maintains, in order to ensure energy conservation and sustainability.

TECHNOLOGY SERVICE CENTRE

Activity Description

The Technology Service Centre division (TSC) provides Information Technology (IT) services and support to GNWT departments and the Deh Cho, Sahtu and Stanton Territorial Health Authorities. It is responsible for the government network, the electronic lifeline interconnecting government offices, schools and health care facilities in all 33 communities that makes electronic communication, on-line access to vital government systems and the Internet possible. In addition, it maintains the government's e-mail system, servers and data storage infrastructure used in the delivery of critical government programs as well as providing desktop/laptop support and website hosting.

The TSC manages the government's primary GNWT Data Centre in Yellowknife which provides a reliable and secure environment for maintaining the IT infrastructure used in delivering the GNWT's corporate information systems like PeopleSoft HR and SAM. The Data Centre maintained in the Stuart M. Hodgson Building provides secondary/backup site functions and there are two smaller data centres maintained in Fort Smith and Inuvik.

All employee calls for assistance are handled through the Service or Help Desk function. The Help Desk is an information and assistance resource that troubleshoots employee problems with computers, software, corporate systems and network connectivity. The information gained through these interactions in resolving technical problems, identifying user preferences and gauging employee satisfaction are valuable and essential to helping the TSC enhance the services and support through ongoing quality and process improvement.

PETROLEUM PRODUCTS

Activity Description

The Petroleum Products Division (PPD) manages the purchase, transport, and storage of petroleum products in NWT communities that are not served by the private sector. The products are sold to residents of the 16 communities through local contractors who are paid a commission. PPD also provides fuel delivery and maintenance services to NWT Power Corporation tank farm facilities in 20 communities.

PPD financial and administrative headquarters, with responsibilities for credit, invoicing, collections and financial planning, are located in Fort Simpson. The Fuel services group oversees operations in the communities and manages local delivery contractors, determines re-supply quantities, provides quality control, capital standards and planning as well as environmental management.

The PWS Asset Maintenance group within PPD manages the operations, maintenance and disposal of GNWT goods and buildings throughout the Nahendeh Region, and when requested supports community governments in the management of their infrastructure responsibilities.

TECHNOLOGY SERVICE CENTRE (CHARGEBACK)

The Technology Service Centre (TSC) is responsible for providing information technology support and services to meet the business objectives of the GNWT, including delivering programs to NWT residents and maximizing the effectiveness of GNWT employees.

Primary TSC services provided to GNWT departments include computer workstation upgrades and support, electronic mail, file management, Internet access, and application hosting. The foundation for these services is the Wide Area Network managed by the TSC. Education boards, health authorities and Aurora College receive a subset of these services.

The TSC recovers its costs from GNWT departments through chargeback agreements using rates approved annually by the Financial Management Board. The rates reflect the infrastructure, human resources, licensing and maintenance costs to provide these services.

Public Stores Revolving Fund

The territorial wide Public Stores Revolving Fund was established to provide working capital to finance central warehousing of standard supply inventories such as accountable forms, vital statistics, court documents, etc. The Public Stores Revolving Fund is utilized by all GNWT departments as well as boards, agencies. The authorized limit of the fund is \$1,175,000. Currently, only Yellowknife has a public stores inventory, which services all the regions.

Petroleum Products Revolving Fund

The Petroleum Products Revolving Fund was established January 19, 1973. The fund provides working capital to finance inventory, accounts receivable and operating expenses, such as salaries, commissions, taxes and quality control, required for the distribution of petroleum products. The authorized limit of the Petroleum Products Revolving Fund is \$55,000,000. Operating expenses are recovered through the price structure to achieve a break-even operation.

HEALTH AND SOCIAL SERVICES

MISSION

To promote, protect and provide for the health and well-being of the people of the Northwest Territories.

GOALS

In order to provide high quality health and social services we have established goals that support our vision, mission and guiding principles.

- Wellness - Communities, families and individuals make healthy choices; children are raised in safe environments and are protected from injury and disease
- Access - The right service at the right time by the right provider
- Sustainability - Living within our means
- Accountability - Reporting to the public and the Legislative Assembly

DIRECTORATE

Activity Description

Under the authority of the Minister, the **Directorate** provides strategic leadership to the Department and the Authorities. This includes responsibility for overall coordination of strategic reform initiatives aimed at ensuring the long-term sustainability of the HSS system. The Directorate is responsible for broad system planning, establishing strategic direction, providing innovative leadership, coordination and risk management as well as the provision of administrative services for departmental operations.

The **Policy, Communications and Legislation** Division provides leadership and services in the development of policy, legislation and regulations along with Intergovernmental relations, Aboriginal affairs, Official Languages and Communications.

The **Corporate Planning, Reporting and Evaluation** Division is responsible for setting a system-wide framework for planning and accountability to ensure that Department priorities respond to system-wide health and social issues and reflect priorities set by government. This division is also responsible for monitoring program performance and conducting evaluations to support evidence based decision-making. Responsibility for professional licensing is also included in the Division.

The **Finance** Division provides financial planning, financial management and administrative services for the health and social services system. These services include providing advice to the Department and the Authorities on financial management, financial monitoring, financial analysis, transaction processing and procurement, including contracts and contributions.

The **Infrastructure Planning** Division is responsible for the overall development, design and planning of capital infrastructure projects. Planning and purchasing for medical equipment and ever-greening is also included in this division.

PROGRAM DELIVERY SUPPORT

Activity Description

The Department provides ongoing system wide program planning, standards development and advice in the delivery of health and social programs.

Health and Social Services **Human Resources** is responsible for coordinating system-wide planning and promotion of health and social services careers. This includes working in collaboration with the department of Human Resources to forecast health and social services human resources needs, and the design, delivery and evaluation of programs to support recruitment and retention specifically related to health and social services professionals.

The **Information Services Division** leads on informatics initiatives in support of the broader systemic goals of Health and Social Services. The Division provides operational support to departmental and territorial systems, and provides planning, implementation and investment support for new territorial health and social services initiatives, data standards, as well as coordination of *Access to Information*, *Protection of Privacy* requests and records management.

The **Health Services Administration Division** is responsible for the administration of the Health Benefits programs (including Insured Health Benefits, Extended Health Benefits, Catastrophic Health Benefits, Métis, Non-Insured Health Benefits and inter-jurisdictional billings for Hospital and Physician Services). The Division is also responsible for providing leadership and direction to the Authorities in the administration of Insured services, reciprocal billing and Health Benefits eligibility and registration. The Vital Statistics, Registrar General is also located in this division providing the registration and issuing of certificates for vital events that occur in the NWT.

The **Chief Public Health Officer** is responsible for establishing a system response to broad population health issues. This office guides wellness surveillance activities and coordinates responses in the areas of health promotion, environmental health disease control and epidemiology. The system's response to population health issues such as cancer, early childhood development and environmental contaminants are coordinated out of this office. The mandate and responsibilities of the Chief Public Health Officer are largely defined from the *NWT Public Health Act*.

The **Population Health Division** is responsible for services aimed at broad population health through co-ordination and ongoing management of health and wellness surveillance activities for the NWT. This includes the development of program standards, monitoring and evaluation in the areas of public health, health promotion, injury prevention, environmental health, disease control and epidemiology.

The **Territorial Health Services Division** ensures standards and policies are in place to guide the delivery of health services throughout the NWT. Specifically, this division is responsible for the planning, development, coordination, monitoring and review of: acute care; long-term care; homecare; seniors and persons with disabilities; rehabilitation; maternal and child health and oral health; community health programs and physician services.

HSS Authorities Administration includes funding to Health and Social Services Authorities for activities associated with management and administration.

HEALTH SERVICES PROGRAMS

Activity Description

Health services to eligible northern residents in areas such as inpatient and outpatient services, public health and chronic care are provided through the Department and Authorities. Pursuant to the *Hospital Insurance and Health and Social Services Administration Act*, Health and Social Services Authorities are established to operate, manage and control facilities, programs and services.

Hospital Services

- funding to Authorities to provide primary, secondary and emergency care in NWT hospitals
- funding for insured hospital services to NWT residents outside the NWT

NWT Health Centres

- funding to Authorities to provide residents with primary care or “first contact” care through a system of health centres located throughout the NWT

Physician Services

- funding to Authorities to provide insured physician services inside the NWT
- funding for insured physician services to NWT residents outside the NWT

Medical equipment under \$50,000

- funding for medical equipment under \$50,000

JUSTICE

MISSION

Our mission is to serve the residents of the NWT by:

1. Working with community members so that communities are safe and secure;
2. Ensuring that all residents have access to justice, including legal aid, the courts, alternatives to the courts and other justice-related services;
3. Providing legal services to the Government of the Northwest Territories (GNWT) and its agencies;
4. Protecting the rights and freedoms of individuals and groups; and
5. Promoting respect for the law and the Constitution of Canada.

GOALS

1. Crime reduction activities are more integrated and focused on social factors.
2. Communities have a stronger role in the justice system and greater access to programs and services.
3. Families and youth at risk are more fully supported.
4. The Department is better equipped to provide core programs and services.
5. The justice system is continually adapting.

SERVICES TO GOVERNMENT

Activity Description

Services to Government includes the corporate management activities of the Directorate, Policy and Planning Division, Finance Division and Information Services. It also includes services provided to other GNWT departments, boards and agencies. Legal Division provides advice and representation to all GNWT departments and specified public agencies. GNWT bills and regulations are prepared by or under the direction of legislative drafters in Legislation Division, and legal translators prepare French versions of these documents. The GNWT Access and Privacy Office (within the Policy and Planning Division) is responsible for providing advice and information to GNWT public bodies on the *Access to Information and Protection of Privacy (ATIPP) Act*. The Aboriginal Consultation Unit provides advice and legal support to GNWT departments engaged in consultation activities.

COMMUNITY JUSTICE AND POLICING**Activity Description**

The Community Justice and Policing Division provides support to communities to develop and implement sustainable local justice programming in the areas of restorative justice, victim services, FASD, community policing and crime prevention. This includes the diversion program where communities assist youth and adults to deal with matters outside the formal justice system. Support is also provided to communities to enhance crime prevention activity at the local level. The Division also works closely with the RCMP on policing priorities and community safety initiatives.

POLICING SERVICES**Activity Description**

Policing services for NWT communities are contracted to the RCMP through an agreement between the GNWT and the Government of Canada. There are also cost-sharing programs with the Government of Canada with respect to First Nations policing to support additional RCMP resources for policing in the north. An agreement exists with Public Safety Canada to cost-share DNA testing and analysis.

LEGAL AID SERVICES

Activity Description

The Legal Services Board (the Board) is established under the *Legal Services Act*, and is responsible for ensuring that all eligible persons in the NWT receive legal aid. The Board provides legal services for most criminal and family law matters, and some civil cases. It determines eligibility for legal aid in accordance with the parameters established by the *Legal Services Act* and the regulations under the *Act*. The Board is also responsible for the court worker program and for public legal education.

COURT SERVICES**Activity Description**

The NWT has four levels of court which collectively represent the judicial branch of government: Justice of the Peace Court, Territorial Court, Supreme Court and Court of Appeal. The courts are independent of the executive (GNWT departments/boards) and legislative (Legislative Assembly) branches of government. The Court Services Division is responsible for providing administrative support to the courts. These support services ensure courts are accessible, impartial and timely. The Division is also responsible for family law services including mediation and the Parenting After Separation Program.

CORRECTIONS**Activity Description**

The Corrections Service provides safe custody and supervision of adult and youth offenders. This is achieved through the operation of correctional facilities and the supervision of offenders sentenced to community based orders such as conditional sentences and probation orders. The corrections service also delivers culturally relevant programs to support offender rehabilitation and reintegration, including wilderness camps and elder support.

EDUCATION, CULTURE AND EMPLOYMENT

MISSION

The mandate of the Department of Education, Culture and Employment (ECE) is to invest in and provide for the development of the people of the Northwest Territories (NWT), enabling them to reach their full potential, to lead fulfilled lives and to contribute to a strong and prosperous society.

GOALS

- *Pride in our Culture* - Northerners who are knowledgeable about and proud of their culture, heritage and language. Culture, heritage and language are the foundation for learning.
- *Education of Children and Youth* - A strong foundation for learning and students achieving their potential in a results-based education system.
- *Education of Adults* - A wide range of education opportunities and adults who are self-reliant and able to take full advantage of social and economic opportunities.
- *A Skilled and Productive Work Environment* - NWT residents with the skills, knowledge and opportunities to participate fully as productive citizens in the Northern economy.
- *People Participating Fully in Society* - Northerners actively participating in community and society to their fullest potential within an integrated, comprehensive and responsive system of supports.

DIRECTORATE AND ADMINISTRATION**Activity Description**

Directorate and Administration provides overall management, planning, communications and administrative support to the Department and its partners in education across the NWT. The Directorate operates under the direction of the Deputy Minister and Associate Deputy Minister who make recommendations to the Minister with regard to Department goals, objectives, and standards.

The Directorate provides leadership, management, planning, and public relations for the Department as well as its boards and agencies.

The Strategic and Business Services Division guides the development of broad policy and legislative initiatives, as well as strategic, business and capital planning for the Department, Aurora College and the education authorities. The Division coordinates briefing notes and decision-making documents as well as provides records management and financial administration services. The Division also provides information systems to support the delivery of programs and services across the Department, Aurora College and the education authorities.

EDUCATION AND CULTURE

Activity Description

Two divisions are responsible for education in the NWT. The Early Childhood and School Services Division provides direction, standards and supports from the early years to high school completion as well as program and curriculum development for children from Kindergarten through to Grade 12 completion. The Education Operations and Development Division supports, monitors and reviews Kindergarten to Grade 12 education authority operations and service delivery and runs Public Library Services.

Early Childhood Development Program – licenses, monitors and funds early childhood programs.

Instructional and Support Services – ensures teaching standards are maintained, conducts curriculum review, revision and replacement as required, and supports school staff to implement department directives.

Inclusive Schooling – ensures, through guidelines and contributions, that NWT students can access an education program in a regular instructional setting in their home community.

Minority Language Education and Instruction – ensures that French First Language, French Immersion and Core French programs are available and delivered in the NWT.

Education Operations and Development – ensures teacher and principal certification, provides education leadership development, supports teachers and manages student records, systemic student assessments and reports on student achievement and the K-12 education system.

Northwest Territories Teachers' Association (NWTTA) Professional Development Fund – supports the professional development of teachers.

School Contributions – provides contributions to education authorities for the operation of NWT schools.

Public Library Services (PLS) – provides library services to meet the education, information and recreation needs of residents across the NWT through a central library collection, rotated materials and mailed materials to residents in communities without libraries.

The Culture and Heritage Division has the responsibility to enhance the arts, cultures and heritage of the NWT in partnership with community, regional and national organizations.

Culture and Heritage – supports community museums, cultural, heritage and arts organizations and projects; manages archaeological site protection, conducts archaeological research, administers archaeological permits, participates in land use regulatory processes, administers the Geographical Names and Territorial Historic Sites; and administers the NWT Archives and Museum Operations at the Prince of Wales Northern Heritage Centre.

Two offices are responsible for supports to Official Languages in the NWT, the Aboriginal Languages Secretariat and the Francophone Affairs Secretariat.

Aboriginal Languages - supports language acquisition, maintenance, revitalization, education and training in the NWT; and coordinates Government services in Aboriginal languages in the regions. The Secretariat also provides funding for Aboriginal language broadcasting, Language Nests and community-based Aboriginal Language literacy activities and projects in the NWT.

Aboriginal Language and Culture Based Education – ensures, through guidelines and contributions to education authorities, that education honours all forms of First Nation, Métis and Inuit traditional knowledge, ways of knowing, worldview and promotes the cultures and languages of the First People of the NWT.

Francophone Affairs – oversees delivery of programs and services in French by GNWT departments, boards and agencies; manages Services TNO; and coordinates services and communications in French across the GNWT.

ADVANCED EDUCATION

Activity Description

The Advanced Education Division provides a range of programs and services related to career development, apprenticeship, employment preparation, training and development, literacy, adult and postsecondary education and labour services.

Adult and Postsecondary Education – supports the planning, research, development and evaluation of adult and postsecondary programs and services, including Aurora College, the NWT Literacy Strategy and Adult Literacy and Basic Education.

Apprenticeship and Occupations – works closely with industry, Aurora College, the Interprovincial Red Seal program and other training institutions to provide training and certification in designated trades and occupations.

Career and Employment Development – works in partnership and coordinates labour market programming to expand employment opportunities in the North and increase participation in the workforce. The unit assists industry to ensure the scope and delivery of programs offered meet regional needs. ECE Service Centres offer career counselling, needs assessment, education planning, workshops, resource libraries, career and labour market information and career fairs. The unit also provides immigration supports through the Canada-NWT Agreement on Territorial Nominees.

Employment Standards – administers the *Employment Standards Act* and investigates complaints from employees and employers regarding non-compliance with this legislation. Independent adjudicators make decisions on appeals filed under the Act.

Management and Program Support – negotiates and monitors training and employment provisions in socio-economic agreements, and ensures management and administrative support in headquarter and regional offices. In addition to delivering apprenticeship and career and employment programs, regional offices are responsible for delivering income security and early childhood programs budgeted under separate activities.

INCOME SECURITY

Activity Description

The Income Security Programs Division develops policy, plans, and provides training, information, financial and auditing functions for the delivery of Income Security Programs by regional offices in line with relevant legislation and regulations. Supports are provided at headquarters to ensure the NWT Social Assistance Appeal Committees, the NWT Social Assistance Board and the NWT Student Financial Assistance Board can respond to client complaints in compliance with legislation. The Division also works closely with non-government organizations with an interest in social programs.

Income Security Programs – comprises:

- Income Assistance – provides financial assistance to Northerners to help them meet their basic needs, and assists with childcare costs, enabling Northerners to move towards greater self-reliance and improved quality of life.
- The NWT Child Benefit – provides low-income families with monthly cash payments under the NWT Child Benefit (NWTCB) program to assist with the costs of raising children. This includes the Territorial Workers Supplement (TWS) benefit.
- The Seniors Home Heating Subsidy – provides financial assistance to low-income seniors to help them pay for the cost of heating their homes.
- The Senior Citizen Supplementary Benefit – provides financial assistance to low-income seniors to help cover the cost of living.

Student Financial Assistance – provides financial assistance to NWT students through a combination of grants and loans. The program is open to Northerners attending accredited postsecondary studies on a full or part time basis.

EDUCATION AUTHORITY PROGRAMS AND SERVICES

In 1996, the Government of the Northwest Territories adopted a new *Education Act* that renamed existing governance structures and enhanced their responsibilities. As a result, 33 District Education Authorities (DEAs) currently govern schools in the NWT. Each DEA is comprised of elected representatives responsible for the school(s) in their community. Education authorities outside of Yellowknife are organized under four Divisional Education Councils (DECs) and one Community Services Agency in the Tłıchǫ Region. The DECs are made up of one representative from each DEA in the education division. The Commission scolaire francophone, Territoires du Nord-Ouest, established in 2000, governs two French first language schools, one in Yellowknife and the other in Hay River.

There are a total of 49 public schools in the NWT. Of these, 23 deliver programs for Kindergarten through to senior secondary grades. The GNWT certifies teachers and determines curricula that guide teaching in NWT schools. DECs and DEAs are responsible for coordinating and supporting education programs and services in 32 communities. Their responsibilities range from establishing policies, to preparing budgets and hiring teachers.

AURORA COLLEGE PROGRAMS

Aurora College delivers adult and postsecondary education and training programs under the direction of a Board of Governors appointed by, and accountable to, the Minister of Education, Culture and Employment.

Aurora College, through its three regional campuses and 23 community learning centres, provides community-based Adult Literacy and Basic Education (ALBE) programs as a means to facilitate greater access to postsecondary education and training.

The Trades and Technology Program supports trades people in achieving journeyman status or in becoming a technician or technologist in a designated occupation.

Aurora College offers a number of certificate and/or diploma programs, including the following programs:

- Aboriginal Language and Cultural Instructor;
- Adult Education;
- Community Health Representative;
- Community Wellness Worker;
- Early Childhood Development;
- Management Studies;
- Natural Resources Technology;
- Nursing;
- Office Administration;
- Social Work;
- Teacher Education; and,
- Traditional Arts.

Degree programs offered through partnerships with southern universities are the Bachelor of Science in Nursing and the Bachelor of Education.

The Aurora Research Institute is responsible for licensing and coordinating research in accordance with the *NWT Scientists Act*. As per the GNWT Traditional Knowledge Policy, the Aurora Research Institute maintains a database of traditional knowledge research conducted in the NWT; promotes and supports the study, documentation and application of traditional knowledge; and promotes the development of traditional technology for economic development purposes. Finally, the Aurora Research Institute facilitates communication between researchers and the communities impacted by their work; and works to increase public awareness of the importance of science, technology and indigenous knowledge. The Aurora Research Institute has offices in Inuvik and Fort Smith.

The College operates through third-party contracts and an annual contribution from the Department as approved by the Legislative Assembly. Contributions to the College are allocated by academic year, which runs from July 1 to June 30.

AURORA COLLEGE FUNDING ALLOCATION

(thousands of dollars)

	2013-2014 Academic Year	2012-2013 Revised Academic Year
Aurora College		
Base Operation	5,438	5,386
Campus Delivery	9,843	9,748
Community Delivery	5,443	5,808
Service Adjustment	3,735	3,699
Building and Works	7,616	6,472
Total College Contributions	32,075	31,113

Notes:

- The above allocations will not be finalized with Aurora College until the Department approves its budget for the 2013-14 academic year.
- Glossary:
 - Base Operations - minimum service level for administration of head office, campuses and student services
 - Campus Delivery - programs offered at regional campuses
 - Community Delivery - programs offered through community learning centres
 - Service Adjustment - for regional cost differences and to enhance service levels in specific communities
 - Building and Works – facilities and equipment
- Calculations are based on the College fiscal year which is also the academic year; July 1 to June 30.

TRANSPORTATION

MISSION

Our Mission is to provide for the safe, secure, accessible and reliable movement of people and goods to serve the social and economic needs and aspirations of the people of the Northwest Territories.

The Department accomplishes its Mission through six main activities:

1. AIRPORTS

To provide airport facilities and services and to encourage and support the provision of regular, safe, cost effective and reliable air services.

2. HIGHWAYS

To provide highway facilities and to encourage and support the provision of safe, reliable and cost-effective inter-community travel and road transportation services.

3. MARINE

To provide safe and reliable ferry crossing services on the highway system.

4. ROAD LICENSING & SAFETY

To protect public safety and the environment by supporting the safe operation of motor vehicles in the NWT.

In addition to its regulatory responsibilities for transportation safety, the Department delivers public education programs, in conjunction with the federal government and other GNWT Departments, on transportation safety, such as the Strategy to Reduce Impaired Driving and Occupant Restraint Campaigns.

5. COMMUNITY ACCESS PROGRAM

To provide contributions to communities within the Northwest Territories requiring new or improved transportation access.

6. CORPORATE SERVICES

To provide support and department-wide corporate programs in 10 areas.

GOALS

The Department of Transportation has six goals that support the achievement of the Government's vision for the future of the Northwest Territories.

1. The NWT transportation system continues to improve,
2. The NWT has an ongoing high level of Northern business and employment opportunities in the public and private transportation sectors,
3. The NWT has a safe and secure transportation system in all modes,
4. The Department has a high performance workplace that is adaptable, effective, efficient and innovative in delivering programs and services,
5. Continue to ensure that the high quality of the NWT environment is maintained,
6. The Department supports local transportation infrastructure.

AIRPORTS

Activity Description

The purpose of the Airports Program is to provide airport facilities and services and to encourage and support the provision of regular, safe, cost-effective and reliable air services. The Department is responsible for the maintenance, operation, and rehabilitation and upgrading of airports.

The Department operates 27 airports in the Northwest Territories, of which one is a Gateway hub (Yellowknife), two are Regional hubs (Norman Wells and Inuvik), three are regional aerodromes (Fort Simpson, Fort Smith and Hay River) with paved runways and 21 are community aerodromes with gravel runways. Connected with the Airports Program, the Department maintains a close watch over air transportation legislation, regulation and policy activities of other governments, overall trends in air transportation safety, costs, infrastructure technology development/change and opportunities for partnership to finance the improvement of airport infrastructure.

There are four areas of program support:

- Management
- Facilities
- Program Development
- Operations

HIGHWAYS

Activity Description

The purpose of the Highways Program is to provide highway infrastructure and services to support the provision of safe, reliable and cost-effective inter-community travel and road transportation services. The Department is responsible for operating, maintaining, rehabilitating and upgrading all highway infrastructures.

The Department maintains 2,200 kilometers of all-weather highways and 1,425 kilometers of seasonal winter roads. The Highway system also includes 99 bridges, 238 large diameter culverts and well over 3,000 small culverts. Connected with the Highways Program, the Department monitors current trends in highway construction, engineering, safety, design and technology. The Department actively seeks new partnership opportunities with other governments, industry and First Nation groups to assist in the development of new highway infrastructure and to enhanced operations.

There are four key areas of program support:

- Management
- Infrastructure
- Winter Roads
- Operations

MARINE

Activity Description

The purpose of the Marine Program is to provide safe, reliable, effective and environmentally responsible ferry services on the highway system. The Department is responsible for the maintenance, operation and continued improvement of four motor and one cable vessel and their support facilities.

The Department provides ferry services at four river crossings where the territorial all-weather highways traverse waterways. Connected with the Marine Program, the Department maintains a close watch over federal marine legislation, regulation and policy activities.

There are three areas of program support:

- Management
- Maintenance and Refits
- Operations

COMMUNITY ACCESS PROGRAM**Activity Description**

This Program provides contributions to communities within the Northwest Territories requiring new or improved transportation access.

The Community Access program provides contributions for local access roads and trails to nearby attractions such as hunting, fishing and wood gathering areas, recreation sites and granular resources. The Program would also cover marine facilities in support of local recreation and subsistence harvesting activities.

ROAD LICENSING AND SAFETY

Activity Description

The purpose of the Road Licensing and Safety Program is to ensure the protection of public safety and the environment in all areas related to the use of motor vehicle and commercial vehicles.

The Department is responsible for the testing, registration and inspection of all drivers and vehicles that use the Territorial transportation network. The Department establishes and enforces the Acts, Regulations and Safety Codes that apply to drivers and motor vehicles including commercial motor carriers throughout the Territory.

Connected with the Road Licensing and Safety Program, the Department ensures the safe operation of all commercial vehicles through transportation legislation, inspections, regulations and policy activities. The Program ensures compliance with national policies and initiatives. The Program researches trends in highway transportation safety, technology development, and future opportunities for partnerships to ensure regulatory harmonization, implementation of new ideas and ensuring all drivers and vehicles are safe to share the roadways.

There are three areas of program support:

- Management
- Transport Compliance Section
- Safety and Regulations

	2013-2014 Main Estimates	2012-2013 Revised Estimates	2012-2013 Main Estimates	2011-2012 Actuals
<p>The Alberta Road Maintenance - The Alberta Road Maintenance program is for the maintenance of 50.9 kilometers of highway in northern Alberta. This road is a continuation of NWT Highway #5 in the Fort Smith area connecting to the community of Fort Fitzgerald and the Wood Buffalo National Park Highway system.</p> <p>The Department has a Memorandum of Understanding with the Regional Municipality of Wood Buffalo, (Fort McMurray), to maintain the Fort Fitzgerald road and the Regional Municipality of Wood Buffalo pays for the work.</p>	505	555	555	416
<p>National Safety Code - On behalf of Transport Canada, this agreement provides funding for the monitoring and enforcement of standards under the National Safety Code (NSC) with respect to commercial motor carriers. The Standard Funding Agreement supports the delivery function of the NSC program in the NWT.</p>	153	153	153	153
<p>DFO Arctic Resupply Maintenance Program (formerly 'Coast Guard Facilities Maintenance Services') - This program is managed by the Department, on behalf of Department of Fisheries & Oceans Real Property Division Canada Remote Marine Resupply Facility Program providing public marine facilities in the western NWT. The program was initiated in 1992-93 to provide northern-based marine expertise to the DFO and to address recommendations from communities and marine operators for the repair and enhancement of public marine facilities.</p>	-	747	500	390
<p>Hay River Access Corridor - The Department has signed a Memorandum Of Understanding with the Town of Hay River. This MOU approves the Department to incur expenditures on behalf of the town for the maintenance of 5.2 kilometers of road known as the Hay River Corridor. The Town will reimburse the Department for cost of this maintenance.</p>	60	60	60	72

INDUSTRY, TOURISM AND INVESTMENT

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

MISSION

The Department of Industry, Tourism and Investment (ITI), in partnership with others, provides quality programs and services to promote and support Northwest Territories (NWT) economic prosperity and community self-reliance.

GOALS

Promote and support a diversified economy that provides opportunities for NWT residents.

Promote and support the development of business opportunities, including agriculture, commercial fishing, the traditional economy, tourism, trade, investment, manufacturing, and secondary industries.

Promote the sustainable development of natural resources that respects the conservation and protection of the environment for our future generations.

Promote and support the efficient development, utilization and marketing of energy resources to achieve self-sufficiency, maximize economic opportunities, and realize affordable energy costs.

Secure economic and employment opportunities from responsible resource development for NWT residents.

Develop partnerships with individuals, businesses, communities, Aboriginal organizations and other governments to foster prosperity and community self-reliance.

CORPORATE MANAGEMENT

Activity Description

The Corporate Management activity consists of Directorate; Policy, Legislation and Communications; Corporate Costs; and Shared Services (Finance and Administration and Informatics).

Directorate includes the Deputy Minister and the Assistant Deputy Minister Programs and Operations. It guides the overall planning and execution of instructions from the Minister and the Legislative Assembly. The Deputy Minister and Assistant Deputy Minister provide strategic advice and support to the Minister and to the department.

Policy, Legislation and Communications provides leadership and services related to policy, communications, Executive Council and Financial Management Board submissions, legislation, and intergovernmental and interdepartmental affairs. It is responsible for Access to Information requests and departmental trademarks and copyright. It also participates in land and resource management issues on behalf of ITI.

Corporate Costs captures department-wide costs such as lease payments, vehicle costs and telecommunications.

Shared Services consists of the Finance and Administration and Informatics Divisions, providing services to the Departments of ITI and Environment and Natural Resources (ENR).

Finance and Administration provides financial management and administrative services to ITI and ENR. These services include providing advice to senior managers on financial management, financial control, financial submissions, contracts and contributions.

Informatics is responsible for developing and maintaining information systems, databases and web systems that provide information to decision-makers and to the public. Services include:

- records management and library services;
- administration of Departmental image collection;
- geomatics and geographic information systems and analysis;
- information systems development, implementation and operations;
- internet and intranet development and support; and
- strategic advice and guidance on the use of information and technology in support of programs and services.

MINERALS AND PETROLEUM RESOURCES

Activity Description

The Minerals and Petroleum Resources activity consists of the Minerals, Oil and Gas Division (MOG), and the Mackenzie Valley Petroleum Planning Office (MVPPO). MOG includes the Northwest Territories Geoscience Office (NTGO), funded and managed jointly with the federal government. The five **Regional offices** across the NWT ensure that businesses and entrepreneurs receive access to programs and resources, to help maximize the benefits from development in their regions.

MOG encourages and supports responsible resource exploration, investment, production and associated secondary economic activity to ensure that NWT residents benefit from the development of the NWT's mineral and petroleum resources.

NTGO's mandate is to undertake original geoscience studies to maintain comprehensive geoscience information about the NWT and to provide advice to individuals, communities, governments and industry. Working in partnership with the Department of Aboriginal Affairs and Northern Development Canada, MOG maintains and staffs the NTGO.

MOG is also responsible for negotiating agreements guaranteeing Approved NWT Diamond Manufacturers (ANDM) access to rough diamonds produced by NWT mines and for ensuring implementation of those agreements. MOG administers the Diamond Policy Framework, manages the GNWT Diamond Certification Program, and negotiates and administers agreements that license the use of GNWT diamond trademarks by ANDM.

The **MVPPO**, based in Hay River, coordinates GNWT planning and response related to petroleum resources in the NWT including the Mackenzie Gas Project (MGP). This includes regulatory processes and strategic planning to ensure benefits accrue to NWT residents. MVPPO is responsible for analysis, policy development and implementation in regards to developments associated with petroleum resource developments, and manages various contribution funding programs to help NWT residents, businesses and Aboriginal groups prepare for the associated opportunities and challenges. MVPPO is also responsible for external and internal petroleum resource communications and strategic relationships.

ENERGY**Activity Description**

The Energy Planning Division coordinates the GNWT's overall energy planning and policy development, including the advancement of hydro initiatives in the NWT. It also coordinates public consultation and communications related to energy planning and policy development, and provides secretariat services to the Ministerial Energy Coordinating and Climate Change Committee-of-Cabinet (MECC).

TOURISM AND PARKS**Activity Description**

ITI develops and implements NWT tourism strategies with partners in the tourism industry. The **Tourism and Parks** Division provides support for tourism marketing, and conducts research, training, planning and product development. The Division, along with ITI's **Regional Offices**, develops, operates and maintains public tourism facilities, including a system of NWT parks that supports and promotes tourism.

ECONOMIC DIVERSIFICATION AND BUSINESS SUPPORT

Activity Description

The Economic Diversification and Business Support activity consists of Investment and Economic Analysis and Industrial Initiatives.

ITI encourages investment in the NWT by providing economic analysis, and regional market and economic data for both business and government. It supports informed decision-making by providing economic data, market intelligence, sector information, and opportunity studies. In conjunction with the NWT Business Development Investment Corporation (BDIC) and Community Futures Development Corporations, ITI provides business advice and access to investment capital. These activities are delivered through the **Investment and Economic Analysis Division** and **Regional Offices**, the NWT BDIC, and Community Futures organizations.

ITI Regional Offices supply program guidance, support, advice, and assistance at the community level. Regional representatives are experienced, knowledgeable and well networked with organizations, financial institutions, and government departments and agencies. ITI works with business associations such as the NWT Chamber of Commerce and the NWT Construction Association, as well as with professional associations, to promote the NWT as a place to work, invest and live.

Investment and Economic Analysis leads the development of programs and initiatives in support of the NWT's **Traditional Economy**. Specific programs support arts and fine crafts, agriculture, fisheries, trapping and commercial game harvesting. Staff in Regional Offices implement the traditional economy programming.

This Division is also the GNWT lead on **Trade Matters** including involvement with discussions on the Agreement on Internal Trade, Pacific Northwest Economic Region, Comprehensive and Economic Trade Agreement with the European Union. It is also responsible for the administration of the GNWT Business Incentive Policy (BIP), the GNWT Contracts Registry and Reporting System, which promote business opportunities for contracting with the GNWT.

Industrial Initiatives leads the negotiation of GNWT socio-economic agreements (SEAs) with industry, and monitors industrial activities in coordination with communities and industry. Industrial Initiatives provides expert GNWT socio-economic impact analysis during the environmental assessment of non-renewable resource development projects in the NWT, monitors implementation of SEAs, manages the annual publication of GNWT reports required under the SEAs, and coordinates research in best practices for NWT benefits from present and future initiatives.

LEASE COMMITMENTS – INFRASTRUCTURE

Type of Property	Community	(thousands of dollars)	
		2013-2014 Main Estimates	Future Lease Payments
Mackenzie Valley Petroleum Planning Office	Hay River	56	-
Visitor Centre	Inuvik	23	120
		79	120

Note 1: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.

Note 2: The Main Estimate and Future Lease Payments represent the Base Rent cost and excludes the Operations and Maintenance component of the total Lease costs.

Fur Marketing Service Revolving Fund

Purpose: To provide working capital for the operation of a fur advance system. Trappers receive interest free advances on fur sent to southern auction houses. More than 1,000 trappers take advantage of this program.

	(thousands of dollars)			
	2013-2014 Main Estimates	2012-2013 Revised Estimates	2012-2013 Main Estimates	2011-2012 Actuals
Authorized Limit	<u>900</u>	<u>900</u>	<u>900</u>	<u>900</u>
Operating Results:				
Opening Accounts Receivable	460	360	420	373
Advances to Trappers	1,000	1,250	1,250	861
Repayment of Fur Account Loans	<u>(950)</u>	<u>(1,150)</u>	<u>(1,150)</u>	<u>(874)</u>
Closing Accounts Receivable (Note 1)	<u>510</u>	<u>460</u>	<u>520</u>	<u>360</u>

Note: Some fur remains unsold at auction for extended periods. The spring sale proceeds which are received after fiscal year end pay off most of the remaining advances from the trapping season.

ENVIRONMENT AND NATURAL RESOURCES

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

Shared Services provides services to the Department of Industry, Tourism and Investment and the Department of Environment and Natural Resources. These services are shared proportionately between the two Departments.

MISSION

Environment and Natural Resources (ENR) works with all people and interested organizations to protect our environment by making sure our resources are used wisely and that people understand their part in keeping the environment healthy.

GOALS

1. The Northwest Territories' (NWT) air, land, water, wildlife, and forests are protected.
2. The NWT's natural resources are used and developed wisely in accordance with the Sustainable Development Policy.
3. Knowledge is gained through cooperating and sharing information with other organizations and people interested in the environment.
4. The NWT's environment and natural resources are managed with the understanding that forests, wildlife, air, land and water are connected.

CORPORATE MANAGEMENT

Activity Description

The Corporate Management activity provides overall management, strategic planning, communication, and leadership to the Department's divisions and regions. Divisions and Units within this activity enable the Department to respond effectively to the environmental and resource management priorities of NWT residents.

The Corporate Management activity is carried out through Directorate, the Policy and Strategic Planning Division, Shared Services (Finance and Administration and Informatics Divisions), and the Field Support Unit.

Directorate provides overall leadership, management, and strategic planning for the Department.

Policy and Strategic Planning provides policy, legislative, strategic planning, coordination, and communications and media relations expertise to lead associated initiatives or provide support to the Department to make informed decisions on environmental and resource management issues.

The **Field Support Unit** provides regional and divisional support on activities related to traditional knowledge, Aboriginal relations, licensing, compliance, public education, and employee training.

Shared Services consists of the **Finance and Administration** and **Informatics** divisions, providing services to the Departments of Environment and Natural Resources and Industry, Tourism and Investment.

Finance and Administration provides financial management and administrative services to the departments. These services include providing advice to senior managers on financial management, financial control, contracts and contributions.

Informatics provides broad Information Management Services including Records and Library Services, Geomatics and Geographic Information Systems and analysis, Information Systems development, implementation and operations, and strategic advice and guidance on the use of information and technology in support of programs and services.

This activity also includes **Corporate Costs**, which capture Department-wide specific costs such as lease payments, and vehicle and building maintenance.

ENVIRONMENT

Activity Description

The Environment Division works to maintain a high quality environment for the benefit of current and future generations.

The Environmental Protection section works to prevent and reduce the impact of human activities on the natural environment by providing information, advice, and programs in the areas of contaminated sites, hazardous substances, hazardous waste management, and air quality. The priorities of Environmental Protection are mandated through two key pieces of legislation: the *Environmental Protection Act*, and the *Pesticide Act*.

The Waste Reduction and Management section works to prevent and reduce the impact of human activities on the natural environment by developing, implementing, and administering programs and policies in solid waste management, waste prevention, reduction, reuse and recycling. The priorities of this section are mandated under the *Environmental Protection Act* and the *Waste Reduction and Recovery Act*.

The Climate Change Programs (CCP) section coordinates the GNWT's response to climate change by developing strategies and activities to control and inventory greenhouse gas emissions, identifying climate change impacts, increasing awareness of climate change, and adapting to a changing climate. Working with the Arctic Energy Alliance, the CCP section encourages energy conservation and the use of energy efficient technologies and alternative energy sources.

The Environment Division has the lead on the implementation of the GNWT Science Agenda. The Senior Science Advisor provides expertise, leadership, and vision across the GNWT as a champion for excellence in scholarship and research. The Advisor is responsible for promoting collaborative research priorities and themes relevant to the GNWT and northerners, engaging research partners in science policy development, encouraging investment in research and promoting major research initiatives.

FOREST MANAGEMENT

Activity Description

Forest Management initiatives provide for the stewardship of NWT forests through sustainable management of forest resources and forest fire management.

Sustainable forest management is ensured through the collection of information on the state of forest resources; forest management planning; monitoring of forest health and changes to forest landscapes; regulation of forest practices and planning; and, compliance and reporting.

Sustainable forest management includes collaboration with Wildlife and Land and Water and Environment Divisions on issues of climate change, biomass energy and Greenhouse Gas Strategy support, biodiversity and critical wildlife management concerns and decision processes of management planning at the landscape level.

Development of sustainable community forest economies is supported with appropriate consideration of the sustainable management of forest resources, community interests and aspirations, and recognizing the need for forest-based development that not only builds economic stability within communities, but is also culturally acceptable. Access to forest resources in the NWT recognizes Aboriginal rights and interests and is influenced by Interim Measures Agreements, Comprehensive Land Claim Agreements.

Forest fire management is achieved through prevention, preparedness and forest fire response. Using the best science, technology and effective use of available fire response resources, forest fire management provides for the protection of people, property and other values at risk from forest fire. Working in collaboration with the Wildlife Division, forest management assesses forest landscapes, natural disturbance patterns and current wildfire activity to develop and implement wildland fire management plans which recognize the ecological role of fire on the landscape while endeavouring to limit catastrophic levels of impacts on natural areas. Developing an increased capacity of individuals, communities, industry and others to take responsibility for reducing fire hazards and forest fires is also a priority.

WILDLIFE

Activity Description

The Wildlife Division is responsible for the stewardship of wildlife resources. Wildlife initiatives assess and monitor wildlife populations, habitat, species at risk, wildlife health, and biodiversity. Wildlife also coordinates initiatives to address impacts on wildlife from human activity. Functions include developing legislation, strategies, management plans and programs to support the conservation and management of wildlife resources, preparing public information materials on wildlife conservation and management, biodiversity and reducing wildlife/human conflicts, undertaking compliance activities and administering the sport fishery.

Wildlife programs and services are delivered by regional and headquarters wildlife staff. Regional wildlife staff work closely with wildlife co-management boards to co-ordinate wildlife research and monitoring programs. Regional wildlife staff undertake wildlife surveys and involve communities in these activities. Regional and headquarters staff also participate in the development of management plans. Headquarters wildlife staff help co-ordinate and provide expertise to assist regional staff in wildlife research and monitoring programs. Headquarters wildlife staff liaise with national and international wildlife activities and co-ordinate NWT-wide programs, such as biodiversity monitoring, major legislative reviews (e.g. *Wildlife Act*), species at risk programs, wildlife health studies, wildlife best management practices, wildlife cumulative effects studies, wildlife databases, and wildlife study publications. All wildlife and sport fishing compliance programs are delivered by regional renewable resource officers.

LAND AND WATER

Activity Description

Land and water programs are those that stem from federal environmental legislation that have GNWT obligations, such as the *Mackenzie Valley Resource Management Act*, as well as related partnership initiatives such as water stewardship and cumulative effects. Key program areas include regional land use planning, protected areas, environmental impact assessment, and water stewardship. The Land and Water Division houses the NWT Protected Areas Strategy (PAS) Secretariat, which is shared with Aboriginal Affairs and Northern Development Canada.

Regional land use plans integrate environmental, social, cultural and economic interests, ensuring NWT values on the landscape are protected or conserved by defining where development can occur and under what general conditions. Consistent with regional land use planning, the NWT PAS protects special natural and cultural areas and core representative areas within each eco-region.

Environmental Assessment and Monitoring (EAM) functions include overseeing ENR's input into preliminary screenings of regulatory applications and renewal of permits and licenses, as well as coordinating the GNWT's participation in environmental assessments and environmental impact reviews, and improvements such as guidelines or proposed amendments to the NWT land and water regulatory system. EAM coordinates input from Regional Environmental Assessment Coordinators who provide comments from a local perspective on regulatory applications. EAM is also involved with follow-up monitoring and overseeing GNWT requirements set out in Environmental Agreements.

Water Stewardship functions involve the ongoing implementation of the NWT Water Stewardship Strategy with other water management partners. GNWT focus areas include trans-boundary water issues, community public water supply source protection, community-based aquatic monitoring and aquatic ecosystem indicators, as well as federal/provincial/territorial initiatives related to water resources stewardship.

LEASE COMMITMENTS – INFRASTRUCTURE

Type of Property	Community	(thousands of dollars)	
		2013-2014 Main Estimates	Future Lease Payments
Transmitter Site (NUP)	Yellowknife	1	2
Transmitter Site	Fort Simpson	5	-
Forestry Base/R-R Office	Lutselk'e	36	
Renewable Resources Office	Fort Providence	3	7
Office Warehouse	Fort Smith	411	-
Office Warehouse	Hay River Reserve	114	294
Laboratory/Office	Norman Wells	78	78
		648	381

Note 1: The above leases do not include capital leases. In the event a lease is deemed to be a capital lease the associated asset is included in tangible capital assets and amortized over the useful life of the asset; and the lease is recorded as a financial liability.

Note 2: The Main Estimate and Future Lease Payments represent the Base Rent cost and excludes the Operations and Maintenance component of the total Lease costs.

Environment Fund

The Waste Reduction and Recovery Act, enacted in July 2005, established the Environment Fund as a Special Purpose Fund to develop and implement waste reduction recovery programs.

GLOSSARY

GLOSSARY

Activity	A division of a Department.
Accumulated Amortization	The total to date of the periodic amortization charges relating to tangible capital assets since they were placed in use.
Amortization	The systematic process of allocating the cost of capital assets to expense for the periods in which they provide benefits. For the purpose of tangible capital asset accounting in the Government of the Northwest Territories, amortization is calculated using the straight-line method, which assumes that an equal benefit is received in each year of the asset's estimated useful life. This term is used interchangeably with depreciation and is generally understood to mean the same thing.
Appropriation	A budget approved by the Legislative Assembly that permits expenditures to be made. Appropriations are usually made for fixed amounts and are typically for a period of one year.
Budget	An estimate of proposed expenditures for a given period and the proposed means (revenue estimates) of financing those expenditures.
Capital Expenditures	An outlay of government resources, normally not of a recurring or continuing nature, for the purchase or construction of a capital asset, or an outlay which increases the expected useful life of an existing capital asset.
Capital Projects	Projects established for the purchase or construction of capital assets. Typically a capital project encompasses a purchase of land or equipment and/or the construction of a building or other facility. Small Capital projects are projects with a value less than \$400,000. Large Capital projects are projects with a value greater than \$400,000.
Contribution	A conditional transfer of appropriated funds to a public agency, community government or other organization that is accountable to the government for the use of the funds and fulfillment of the objectives for which the funding is provided.
Deferred Capital Contribution	Means that the fair value has been capitalized for acquisitions transferred with title to the Government an offset is recorded as a "deferred capital contribution". Deferred revenue is also the result of assets that have been cost-shared by other governments and the title remains with the Government of the Northwest Territories (GNWT). The portion of the asset cost contributed by a third party is included in "deferred capital contributions".
Department	Organizational entity established by Cabinet to deliver programs and services within a specified mandate.
Departmental Overview	A summary of the vision, mission and goals of a government department.
Disposals	Voluntary (through sale, exchange, etc.) or involuntary (through damage or theft) disposal of tangible capital assets. Upon disposal, the net book value of the asset is removed from the accounts.
Estimates	The estimated expenditures, to be approved by the Legislative Assembly, and forecasted revenues, for all government departments.

GLOSSARY

Expenditure	Funds paid or payable to acquire goods and services, consumed in Government operations, or an investment in tangible capital assets.
Financial Management Board	The Financial Management Board is a committee of the Executive Council, consisting of all members of the Executive Council, which is responsible for the financial management and administration of the Government of the Northwest Territories.
Fiscal Year	A consecutive twelve-month period designated as the reporting period of a government or organization. The Government of the Northwest Territories' fiscal year starts April 1 and ends March 31 of the following calendar year.
Goal	A high-level statement of the desired outcome of government activities to be achieved over an unspecified period of time.
Grant	An essentially unconditional transfer of appropriated funds to another party for a specified purpose.
Infrastructure	The tangible capital assets in place for the purpose of delivering government programs.
Infrastructure Contribution	A contribution made to a third party, by the Government, to purchase, construct, develop or acquire a Tangible Capital Asset, where the ownership of the asset is retained by the third party.
Net Book Value	The cost of a tangible capital asset, less both accumulated amortization and the amount of any write-down.
Position	A job description established within the public service. The term "active positions" includes positions that are occupied, or that are temporarily vacant but will be staffed.
Public Agency	A statutory body or territorial corporation specified in Schedule A, B or C of the <i>Financial Administration Act</i> .
Regions	Geographical sub-divisions of the Northwest Territories for administrative purposes.
Tangible Capital Asset	A non-financial asset of physical substance that is acquired, constructed, or developed and: <ul style="list-style-type: none">• Is held for use in the production or supply of goods, delivery of services or program outputs;• Has a useful life extending beyond one fiscal year• Is intended to be used on a continuing basis;• Is not intended for resale in the ordinary course of operations, and• Cost is equal to or greater than \$50,000.

GLOSSARY

- Tangible Capital Asset continued** The major categories of tangible capital assets are:
- Land (other than land acquired at no cost to the government);
 - Roads
 - Bridges;
 - Ferries;
 - Airstrips and Aprons;
 - Buildings;
 - Water and Sewer Works;
 - Mainframe and Software Systems;
 - Leasehold Improvements;
 - Betterments;
 - Mobile and Heavy Equipment;
 - Other Major Equipment; and,
 - Major Medical Equipment.
- Work-in-progress (WIP)** Means construction or development in progress and postponed projects (postponed projects are written-off if dormant for more than one year and there is no plan in the capital budget for their continuation). An estimate of the final cost may be required to allow the asset to be moved into service.
- Work Performed on Behalf of Others** The Government undertakes to perform certain functions in the Northwest Territories on behalf of the Government of Canada or others. Funds expended for these activities are fully recovered and are not required to be appropriated by the Legislative Assembly.

Budget Development Process

Budget Development Process

INTRODUCTION

The Government of the Northwest Territories uses a comprehensive business planning approach, which guides the development of the Main Estimates. Business planning is a process used by many governments and other organizations to provide a link between strategic planning and resource allocation. Generally, business plans flow from an organization's longer-term strategic plan, but deal with a shorter time frame, propose further information on implementation, and include details on resource allocation.

The Main Estimates reflect the Government of the Northwest Territories' plan of action for the upcoming fiscal year. Specifically, they represent all anticipated expenditures and all anticipated revenues for the fiscal year.

The Main Estimates seek appropriation authority for the fiscal year, which begins April 1. The Budget Address, presented by the Minister of Finance at the time of presentation of the Main Estimates, is an integral part of the total budget package. In addition, the Government's Business Plans are tabled in the Legislative Assembly at the time of the Budget Speech and tabling of the Main Estimates.

Many individuals and organizations, both from within the government and from the public have been consulted during the planning and development stages of the budget process. However, the exact content of the Main Estimates is not public until tabled in the Legislative Assembly by the Minister of Finance. Traditionally, the budget presentation process prevents special interest advantages being obtained through advance information on government fiscal initiatives.

PROCESS

The Main Estimates process consists of several phases:

- 1. Fiscal Strategy development;**
- 2. Business Plan development and review;**
- 3. Main Estimates development process;**
- 4. Budget Address development;**
- 5. Presentation to the Legislative Assembly; and,**
- 6. Preparation and entry of budgets into the System for Accountability and Management (SAM).**

During the course of any given fiscal year, there are two other processes that are used to monitor and adjust the budget:

- 1. Variance Reporting - Monitoring of Expenditures and Revenues against Budgets; and,**
- 2. Supplementary Estimates.**

Budget Development Process

1. *Fiscal Strategy Development*

Under the direction of the Minister of Finance, the Department of Finance prepares a multi-year fiscal framework. The framework is an overview of the projected financial position of the government based on a set of assumptions about revenues, expenditures, and federal transfer payments.

In the development of a fiscal strategy, the framework is used as a modeling tool to project the fiscal position of the government, assuming current policies and trends are maintained, as well as alternate positions based on various policy changes, new policies and new initiatives. This allows the Financial Management Board and the Executive Council to assess whether the current mix of expenditures and taxes are appropriate. If the mix cannot be sustained, or change is desired for policy reasons, it allows for an evaluation of alternatives in expenditures, taxation, and borrowing.

Based on the government's current financial position, program objectives and the fiscal alternative chosen, targets for each department are approved by the Financial Management Board and instructions are issued to departments for the development of multi-year business plans.

2. *Business Plan Development and Review*

The multi-year business planning approach links strategic planning with resource allocation. The business planning process includes setting goals, developing strategies to achieve the goals, and establishing targets and outcome measures. The Executive Council approves a Business Plan, which sets goals and strategic priorities for the government. The departmental business plans are developed to support the overall Government's goals. As part of the process, departments identify the challenges and pressures confronting them, and map out how to meet those challenges within available resources. Business Plans identify key strategies that each department will implement to achieve its goals, and also identify outcome measures and targets to be achieved.

Business plans focus on two areas of expenditure:

a) Operations Expenditures

The Financial Management Board establishes departmental planning targets. Individual departments develop and document projections of forced expenditure growth in existing programs on the basis of demographics or utilization trends, possible expenditure reductions, required service level increases and other anticipated changes for each departmental program. This is done in accordance with Financial Management Board instructions.

New or expanded programs are justified in relation to government priorities, policy directives, and/or changes to industrial norms or national standards.

Departmental business plans are submitted for review, analysis, and compilation by the Departments of the Executive and Finance before presentation to the Executive Council and Financial Management Board. They are then referred to Legislative Standing Committees for review.

b) Infrastructure Investment

In the 2009-10 fiscal year, the Government moved the consideration of the Capital Plan to the fall session of the Legislative Assembly. The capital planning process provides for one capital investment target with all Departmental projects competing for the available funding. The result is that projects are prioritized on a government wide basis versus a departmental basis.

Budget Development Process

The capital planning process for each planning cycle starts with community consultations. Community consultations are conducted to ensure communities are:

1. consulted annually on their capital needs;
2. provided explanations on the allocation of resources to capital investment; and the application of priority criteria along with the political and other influences on the process will be provided; and,
3. provided direct feedback on the consultations, including feedback to communities on the inclusion or exclusion of community projects in the capital plan or capital needs assessment; and if requested, a follow-up meeting with the communities to explain the capital plan and disposition of their proposed projects.

The results from community consultations are taken into consideration in the development of the initial capital needs assessments completed by departments. Projects included in the first five years of the needs assessment are then rated against a common set of criteria.

The rating of the proposed Infrastructure projects and the available funding are taken into consideration in developing a preliminary Infrastructure acquisition plan. The preliminary plan is first reviewed by a Deputy Ministers Steering Committee and secondly by the Financial Management Board prior to a review by Standing Committees and the final approval when presented in the Main Estimates to the Legislative Assembly. Changes to the plan can be affected through any of the reviews prior to final approval.

3. Main Estimates Development Process

Once the business plans and infrastructure acquisition plan have been reviewed by Standing Committees, departments proceed to prepare their annual estimates.

There is a minimum level of detail required in the development of the Main Estimates. Departments may budget at more detailed levels for internal purposes, as deemed necessary. Each department is responsible for the development of their budget. In this development, a minimum level of detail is established which will meet the requirements of the Main Estimates and provide for the budget to be loaded into the System for Accountability and Management (SAM).

The Department of Finance coordinates all departmental information to produce the Main Estimates and it is responsible for coordinating the input of the budget into SAM once it is approved by the Legislative Assembly.

The Main Estimates are reviewed by the Department of Finance for uniformity, consistency of presentation and adherence to targets and guidelines. The Financial Management Board then approves the Draft Main Estimates for forwarding to the Legislative Assembly Standing Committees for their review prior to the commencement of the Budget Session.

4. Budget Address Development

Under the direction of the Minister of Finance, the Department of Finance drafts the text of the Budget Address.

The Budget Address includes an outline of current trends and anticipated developments and identifies the Government's plan of action, related to its established strategies and priorities, for the upcoming fiscal year.

In addition, the Budget Address highlights new tax and program initiatives and their expected impacts on the economy and Government revenues or expenditures.

Budget Development Process

5. *Presentation to the Legislative Assembly*

Following the presentation of the Budget Address to the Legislative Assembly by the Minister of Finance, the Main Estimates are released to Members of the Legislative Assembly, the general public, and the media. After the Legislative Assembly has completed its review, the Assembly approves the *Appropriation Act*.

6. *Preparation and Entry of Approved Budgets into the System for Accountability and Management*

The departments are required to provide the detailed data and coding structure, in a format established by the Department of Finance, for entry of the budget into the System for Accountability and Management.

The actual transfer is completely automated and is organized so that departmental budgets are in place on April 1.

7. *Variance Reporting - Monitoring of Expenditures and Revenues against Budgets*

During the course of the year, the System for Accountability and Management produces monthly reports comparing year-to-date revenues and expenditures to the year-to-date budget.

Departments must respond monthly to the Financial Management Board on the status of their expenditures and revenues, as compared to budget, and provide projections to year-end.

The variance information and revised year-end projections, obtained through the expenditure and revenue monitoring mechanisms, are used during the year to monitor actual performance against the Government's fiscal framework and anticipate requirements for supplementary appropriations and any incremental borrowing.

8. *Supplementary Estimates*

During the course of any given year, increases may be required to a department's spending authority. This is accomplished by way of Supplementary Estimates. They are presented to the Legislative Assembly for approval during regular sittings of the House.

In emergency situations, the Financial Management Board may recommend a Special Warrant to the Commissioner for advanced spending authority, to allow a department to respond quickly to a new or unforeseen need that meets the criteria of an emergency as defined by the *Financial Administration Act* and the Financial Administration Manual. The Special Warrant is included in the subsequent Supplementary Estimate.

Upon approval of Supplementary Estimates by the Legislative Assembly, budget entries are prepared and entered into the System for Accountability and Management.
