Finance	Programs Specialist	
Position Number	Community	Division/Region
15-1379	Yellowknife	Strategic Human Resources

PURPOSE OF THE POSITION

This position is accountable for planning, researching, designing, and implementing strategies and programs aimed at assisting departments and agencies ("departments") in recruiting, retaining, and developing qualified employees for the Government of Northwest Territories (GNWT) public service.

SCOPE

Reporting to the Manager, Employee Development and Workforce Planning, the Programs Specialist works with partners across the GNWT to assess long and short-term GNWT and departmental needs to develop appropriate strategies, programs and initiatives to address those needs, and provide appropriate strategic human resource assistance.

The resulting programs and assistance enable Deputy Heads and senior management teams to plan for, recruit and develop employees to provide quality GNWT programs and services. The recruitment and retention of qualified, capable northern employees, representative of the population served, is a priority of the GNWT.

A major challenge of this position is that the environment within which employees work is constantly shifting, and recruitment and retention strategies must also shift. Factors that impact the GNWT recruitment and retention environment include potentially large number of long-serving employees leaving the GNWT, challenges associated with a competitive labour market and a limited labour pool and changing expectations and needs of employees.
