

## IDENTIFICATION

<b>Department</b>	<b>Position Title</b>	
Northwest Territories Health and Social Services Authority	Child and Youth Counsellor	
<b>Position Number</b>	<b>Community</b>	<b>Division/Region</b>
48-15247	Fort Simpson	Mental Health and Addictions/Dehcho

## PURPOSE OF THE POSITION

The Child and Youth Counsellor (CYC) plays an integral role in supporting children and youth with complex mental health needs, and their families, to live successfully within their home, school and local community. The CYC is responsible for implementing specialized assessment and therapeutic programming within the daily life space of children and youth.

## SCOPE

The Northwest Territories Health and Social Services Authority (NTHSSA) is the single provider of all health and social services in the Northwest Territories (NWT), with the exception of Hay River and Tłı̨chǫ regions, covering 1.2 million square kilometers and serving approximately 43,000 people, including First Nations, Inuit, Metis, and non-Indigenous. Health and social services includes the full range of primary, secondary and tertiary health services and social services including family services, protection services, care placements, mental health, addictions, and developmental activities, delivered by more than 1,400 health and social services staff.

While the Tłı̨chǫ Community Services Agency (TCSA) will operate under a separate board and Hay River Health and Social Services Agency (HRHSSA) will in the interim, the NTHSSA will set clinical standards, procedures, guidelines and monitoring for the entire Northwest Territories. Service Agreements will be established with these boards to identify performance requirements and adherence to clinical standards, procedures, guidelines and policies as established by the NTHSSA.

Under the direction of the Minister of Health and Social Services, the NTHSSA is established to move toward one integrated delivery system as part of the government's transformation strategy.

Located in Fort Simpson, the CYC reports to the Regional Manager, Mental Health and Addiction Services (Dehcho Region).

The CYC position is part of a collaborative multi-disciplinary approach to the delivery of direct therapeutic services to support the needs of children, youth and their families. The CYC is a member of the Community Counselling Program and provides integrated and therapeutic mental health and behavioural programming in collaboration with school personnel and other health and mental health and social services professionals. The CYC provides a wide range of services with an emphasis on developing therapeutic relationships with children, youth and their families. The CYC may provide services in the Community Counselling Program office spaces, client family home or other appropriate community locations (ie. on-the-land, at schools etc.). As part of an interdisciplinary team approach, other services targeted to assist children and youth include community development, consultation, coordination, education and integrated services management.

The CYC position will provide services virtually and in person (through community travel) to all communities across the Dehcho Region. The CYC position should be prepared to travel approximately 40% of the time into Dehcho communities outside of Fort Simpson.

This position ensures that therapeutic plans are developed, followed and are meeting the individual need of the child, youth and family. The CYC provides direct client care including individual and environmental assessment (with an emphasis on strengths and assets rather than pathology), intervention planning, therapeutic individual, family and group counselling and referrals to other important service providers and agencies within the community. The CYC collaborates with other community services including the education staff, health and social services professionals, RCMP, justice services, and local government organizations to provide a comprehensive, person and family centered approach to care.

The incumbent may be required to work on call and work a flexible schedule to ensure accessibility to members of the community. In addition, when a traumatic event occurs within the community or to an individual, the incumbent may be called upon outside of regular work hours.

## **RESPONSIBILITIES**

### **1. Provides a range of direct psychotherapeutic services to children and youth with social/emotional/behavioural issues, their families and caregivers.**

- Completes screening and risk assessments for the purpose of informing and developing service plans.
- Undertakes a variety of mental health assessments including interviews with all relevant parties (i.e., health and social services professionals, educators, involved non-government agencies, local Indigenous organizations, etc.).

- Identifies community and regional resources that could meet identified needs, particularly in instances of child/youth/family crisis.
- Works with children, youth and families to develop integrated, person and family centered care plans that include appropriate interventions and that involve all necessary partners to achieve stated goals and objectives.
- Provides a variety of evidence-based interventions and treatment modalities including individual, family and/or group therapy as indicated for identified areas of distress and need.
- Provides leadership to ensure coordination and effective delivery of integrated services in a person and family centered manner.
- Assists children, youth, their families and other relevant caregivers to understand the nature, prognosis and recommended interventions and treatment modalities indicated for their particular needs/areas of distress.
- Ensures that family, cultural and spiritual practices are adhered to during assessment, therapeutic planning and while communicating feedback to children, youth and their families.
- Monitors and evaluates the implementation and progress of service plans, as well as child/youth, family and school satisfaction with progress/results.
- Where required and appropriate, consult with other service providers and mental health experts to inform recommended approaches and interventions.
- Adheres to all CCP standards and NTHSSA Standard Operating Procedures in the provision of client care (including confidentiality/ privacy, sharing of information, client record keeping practices).
- Provides care and service in a person and family centered manner that meets the child/youth/family where they are at and ensures care is delivered accordingly.

**2. Provides mental health, child youth care consultation and education to community agencies and other service providers who provide services to children and youth with social, emotional and behavioural issues including education staff, health and social services professionals, RCMP, justice services, and local government organizations.**

- Provide mental health expertise, support, professional learning opportunities and consultation to school staff to ensure adequate understanding and ability to respond to the needs of children and youth with social emotional and/or behavioural issues, including participation, when relevant, as a member of the school-based support team (i.e., development of Student Support Plans, Individualized Education Plans, etc.), parent workshops, and/or interagency team meetings.
- Ensure a seamless and collaborative approach to service delivery in schools by maintaining a close, collaborative working relationship with school-based staff, including the principal.
- Provide expertise and professional supports to community staff and agencies delivering services to children and youth.

- Function as a resource and source of community-based information on best practices when working with children/youth in particular for those with social, emotional and/or behavior issues and their families.
- Provide educational information to community partners via in person, 1:1 meetings, workshops and/or integrated team/interagency meetings.
- Provide expert and timely response and intervention in crisis incidents.
- Function as an expert within the field of child youth mental health and serve as a resource to assist other service delivery partners in understanding integrated, trauma informed and culturally safe practices in the context of colonization and residential schools, FASD, concurrent disorders, histories of trauma, family violence, social determinants of health, mental health issues, substance use and behavioural addictions.

**3. Provides leadership, facilitation and expertise in the implementation of an integrated, stepped care approach to the delivery of services for children and youth with complex needs and their families by ensuring collaboration and involvement with other services and agencies involved in the provision of care.**

- Remains up to date on wise practices within the fields of child and youth mental health, integrated person and family centered practice, school and community-based interventions and programming.
- Remains up to date on school, community and regional resources and partner agencies.
- Undertakes purposeful steps to cultivate collaborative working relationships with these partners in order to ensure optimal integrative and wrap around service potential. This may also include participating in on-the-land wellness initiatives.
- Demonstrates integrity and respect to cultivate positive working relationships with community and regional partners.
- Actively works to become educated on the local culture, customs and practices and engages in community events and relationship building opportunities.
- Maintains child, youth, and family privacy and confidentiality and ensures a decolonized, recovery oriented, person and family centered approach to service delivery and sharing of information.
- Utilizes a strengths-based approach that focuses and builds upon community and personal resiliency and strengths.
- Provides leadership and advocacy with children/youth/families in working with other agencies and services.

**4. Performs other duties as required to achieve Governmental, Departmental or Authority strategic goals and objectives.**

## **WORKING CONDITIONS**

### **Physical Demands**

No unusual demands.

### **Environmental Conditions**

Services are provided in a variety of settings including public community locations and the child/youth's home. In addition, the CYC interacts with, and supports staff that interact with clients that may present in an unpredictable way.

### **Sensory Demands**

The incumbent will spend approximately 60% of the day providing direct counselling services requiring the use of the combined senses.

### **Mental Demands**

Professionals providing child and youth counselling services will repeatedly hear children and youths' traumatic stories (i.e., abuse, neglect, multiple losses, family violence, parental addictions, etc.). A level of uncertainty in knowing what to expect while at work may be experienced as people in crisis are often unpredictable and can be abusive to those trying to help. As a result, there is legitimate concern about the risk of verbal and even physical assault.

Providing these services in small communities presents unique challenges in that the incumbent may have to deal with friends, neighbours, relatives or social acquaintances who are receiving services as well as victims and perpetrators on a day-to-day basis outside of work (i.e., at community functions, grocery store, walking down the street, etc.).

The CYC position should be prepared to travel approximately 40% of the time into Dehcho communities outside of Fort Simpson. Travel may occur through a variety of methods such as: ferry's, small planes, winter roads, etc.

## **KNOWLEDGE, SKILLS AND ABILITIES**

- An interest in and desire to work with children/ youth with social and emotional needs and an ability to relate to students and families in a trauma-informed, culturally safe/ anti-racist, empathetic, strengths-based, identity-affirming, respectful, and consistent manner.
- Knowledge of Northwest Territories services and supports, as well as relevant legislation (*Child and Family Services Act, Health Information Act, Mental Health Act, Education Act*).
- Knowledge and experience in the delivery of child and youth mental health services including direct, front line service delivery, assessment and treatment planning.

- Knowledge of various approaches to therapy relating to the treatment of children and youth with mental health and behavioural issues, substance use disorders and behavioural addictions.
- Knowledge and experience in working with children and youth with mental health issues and their families, including in school and community settings.
- Knowledge and skills in applying an integrated stepped care approach to service delivery.
- Knowledge and skills working with a variety of approaches to psychotherapy, including Dialectical Behaviour Therapy, Cognitive Behavioural Therapy, Motivational Interviewing, Solution Focused, etc.
- Knowledge and skills in working in an interdisciplinary manner to optimize wrap around service delivery.
- Knowledge of and ability to network with resources within and outside of the employing health and social services authority.
- Knowledge of the signs of violence, abuse, mental illness and addictions, as well as current trends and wise practices in addressing psychological outcomes.
- Ability to commit to professional development and increasing competencies.
- Ability to maintain awareness of the impacts of colonization and residential schools and to reduce barriers for children youth and their families.
- Ability to provide consultative services to parents/caregivers, educators, social services workers, and other community partners.
- Ability to communicate with an interdisciplinary team and to recognize and competently and confidently respond to community and family needs.
- Ability to communicate on a variety of subjects in plain language both written and verbal. Ability to reach sound decisions in times of crisis.
- Ability to work in a cross-cultural setting including with community members impacted by colonization and residential schools.
- Ability to organize, lead, and mentor others.
- Ability to work in small and large groups using project management and leadership skills, program planning and implementation skills, listening and verbal communication skills, facilitation and presentation skills, negotiation skills, team building and relationship building skills.
- Ability to be registered with a professional counselling certification body is an asset.
- Ability to maintain the goodwill of clients, colleagues and co-workers.
- Ability to operate word processing, internet, email, and other relevant programs.
- Ability to commit to actively upholding and consistently practicing personal diversity, inclusion and cultural awareness, as well as safety and sensitivity approaches in the workplace.

**Typically, the above qualifications would be attained by:**

A Degree in social work, counselling, addictions counselling, or counselling psychology with three (3) years of relevant counselling experience in a scope of practice or experience restricted to youth mental health, addictions, mental health, and/or family violence.

Equivalent combinations of education and experience will be considered.
